PAINTING BRINGS \$875,000

Record Price Paid for Raphael Masterpiece by Sir Joseph Duveen of England

NEW YORK, May 11. (AP)—Sir Joseph Duveen has purchased in England at the highest price ever paid for a painting at an art sale "Madonna and Child," one of Raphael's masterpieces. He also purchased a Rembrandt in Germany for \$135,000.

The London Daily Express says that the Raphael painting, which is known both as "The Niccolini Madonna" and the "Cowper Madonna" of 1506, was sold by Lady Desborough after some weeks of dramatic competition by eager buyers, during which the negotiations were conducted with the utmost privacy.

The price was \$875,000, or nearly \$100,000 more than the previous high price for a painting, which was paid for Gainsborough's "The Blue Boy," now in the Huntington collection at San Marino, Cal.

Sir Joseph intends to leave the Raphael in England for a time and will sell it at cost to the British nation or any group who might wish to purchase it for a public institution.

The picture is painted on a panel and is thirty inches high and twenty-two inches wide. It depicts the infant Christ seated on a cushion on the Virgin's lap with his left hand grasping her bodice. The Virgin wears a red tunic, a blue mantle and a gauzy headress. Her left hand is raised toward the child.

It was purchased from the Niccolini Palace in Florence by the third Earl of Cowper about 1870 and inherited by Lady Desborough.

BUYER PAYS \$135,000 FOR REMBRANDT CANVAS

BERLIN, May 11. (AP)—Germany's most valuable private art collection owned by Oscar Hildebrandt, Upper Silesian iron magnate, went on auction today, bringing a sensation after the first hour when \$135,000 was paid for Rembrandt's portrait of Hendrickje Stoffels. The purchasers are New York and London dealers.

FRANCE: The portrait of Frans Post was sold at \$72,000. Rubens' "Conus Declus Questioning the Augurs" brought \$18,000, while Van Ruysdael's "Haze over the Dunes" brought \$19,000.

Missing Mail Pilot Located

COLORADO SPRINGS (Colo.) May 11. (AP)—Lieut. Eddie Eschelman, 22-year-old air mail pilot who had been missing fifteen hours after hopping off yesterday from Denver for this place, was located at Hilltop, near Elizabeth, Colo., early today, according to a telephone message to the Colorado Springs Gazette-Telegraph.

Eschelman when found said he had been forced down shortly before 5 p. m. yesterday because of a heavy fog.

Mother Counts Babies by Dozen

LONDON, May 11. (Exclusive)—Mrs. George Burden of Chertsey today gave birth to her twenty-fourth baby. She says her health is due to not drinking and not going to theaters.

Ring in Lung Proves Fatal

SACRAMENTO, May 11. (AP)—Bennie Fogel, 3 years of age of North Sacramento, died today following an operation for removal of a ring from her lung.

The child swallowed the ring at her home Wednesday and has been under constant care of several physicians and nurses at a local hospital. She is said to be one of a family of ten children.

A good opportunity to enter business awaits you in TIMES WANT ADS this morning.

MAHARAJA STUDENT WINS ZONE ORATORY CONTEST

Joe West Unanimously Selected by Judges at Oklahoma City; Pettie of Whittier Third

OKLAHOMA CITY (Okla.) May 11. (Exclusive)—Joe West, 18-year-old high-school student of Omaha, won first place in the southwestern zone contest of the Fifth National Oratorical Contest on the Constitution tonight at the First Christian Church here. The last speaker on a program of eight, he held his audience as a unit and won a unanimous decision from three judges.

End Miss Cole of Central High School, Oklahoma City, was awarded second place and is the alternate. West will be entered in the National Oratorical Contest at Washington, D. C., the night of the 26th inst. and receives one of the eight national prizes, awarded in such zones, a free three months' summer tour of Europe.

A clear, forceful and convincing speaker, he gripped with his sincerity and purpose an audience which packed the church. He said these words were available by the time the speaker was presented by John H. Miller, former justice of the State Supreme Court, chairman.

Other speakers were Harold F. Pettie, Jr., of Whittier, Cal., awarded third place; William McCreary of Salt Lake City, fourth; George Franklin of Little Rock, Ark., fifth; O. A. Lemaux of Houston, Tex., sixth; and Wendell E. Little of Newell, N. M., and Oreta Watts of Stanford, Tex., tied for seventh. Judges were Darius A. Brown, former Mayor of Kansas City; Judge Elmer N. Powell, former judge of the Federal court for the District of Kansas; and J. C. Harvey, head of the public speaking department of William Jewell College at Liberty, Mo.

BREMEN AID EN ROUTE

Army Planes on Way North

War Department Expedition Will Attempt to Bring Out Junkers Ship

CHICAGO CROWDS CHEER FOR SEA CONQUERORS ON EVE OF FORMAL WELCOME

MILLER FIELD (N. Y.) May 11. (AP)—Two army amphibian planes from Bolling Field, Washington, landed here tonight on the first leg of a flight to Greenland island, where they will aid in removing the trans-Atlantic plane Bremen.

The pilots gave no indication as to when they will continue the journey north, but expected to reach Greenland island on Monday. It is the War Department plan to send the planes to Labrador with Fred Melchior, chief Junkers mechanic, before the ground at Greenland becomes too soft from the spring thaw to permit a safe take-off.

The planes, amphibians, were piloted by Capt. Ira Baker and Lieut. Muir Fairchild. With Baker was Brig-Gen. Fehet, chief of the Army Air Corps.

At Mitchell Field, the planes will pick up Fred Melchior, Junkers mechanic and pilot, who will superintend efforts to locate the Bremen from the soft mud holding her on Greenland.

When the expedition reaches the island and a landing field is not available Melchior will drop food and supplies in the water. The expedition was decided upon after the German Ambassador had asked if the United States could be made with Canadian officials assisting to the plan. The Ambassador pointed out that unless the plane is flown from the island within a few days the rapidly softening mud will make a flight impossible.

Working from this point, West worked up to his present constitutional government and what it means to every man, woman and child in the United States. He then wound up his oration by saying that "each generation has contributed its share to the making; the future is now in our hands; if we fail, our Constitution fails. If we succeed, so our Constitution succeeds."

COMPETITION STIFF

The eight high-school speakers who participated in tonight's contest were selected to represent their various States following the stiff competition that has been experienced in the National Oratorical Contest, and their orations here tonight were of an exceptionally high caliber.

The decision of the judges was close and but a small margin separated the winner from the students who placed second and third. The audience here received the young speakers with enthusiasm and gave each one an ovation as he appeared before the footlights to speak.

It is estimated that more than a half million students were represented by the speakers. The actual number of contestants who took part in the preliminary heats in the nine States is placed in excess of 50,000.

The interest in the contest through the entire southwestern area of the United States this year has exceeded that of any of the previous years, and already plans are being discussed in the various States for next year's contest. Representatives attending the state finals stated here today.

NET BY DELEGATIONS

Each of the contestants coming from outside of Oklahoma City was met at the train by a delegation of friends.

DRY FORCE BANS GUNPLAY

Strict Orders Issued Along With Announcement of Agent's Dismissal in Southern Shooting

WASHINGTON, May 11. (AP)—Coupled with the announcement that Robert L. Taylor, agent in West Virginia, has been dismissed from the prohibition service for firing at an automobile that failed to stop, officials today issued new and strict orders to all prohibition officials and agents that unnecessary shooting will not be tolerated.

"We are not going to put up with firing on vehicles on highways, whether they stop when commanded or not," Commissioner Doran declared. "We certainly will not shield officers charged with this offense and we will aid States at any time within reasonable limits, of course, a particular case depends on the facts."

In the case of Taylor, Commissioner Doran said, he fired at an automobile on the highway near Huntington, W. V., in direct violation of orders by Administrator Pennington and against specific regulations issued by the Prohibition Bureau.

The regulations, the commissioner said, restrict the use of firearms except in self-defense or to prevent the commission of a felony. Transporting liquor, fleeing from an

Kill

Snails, Slugs, Cutworms, Sow bugs, Earwigs, Grasshoppers
the Quickest, Surest Way

END-O-PEST
—to kill snails, slugs and other garden pests is with End-o-Pest.
End-o-Pest is a new, improved meal. Sprinkle it on the ground under the plants. Pests are attracted to it. They eat it and die. And that is the end of your pest worries.
Right now is the season when snails, slugs, cutworms, earwigs, and sow bugs, do the most damage. A small purchase of End-o-Pest can save your flowers, shrubbery, lawn or truck garden from many dollars' worth of damage.
End-o-Pest is the improved, scientific method of A. D. Cardinet, pioneer garden pest specialist. Many pest controls being sold today were originally developed by him. End-o-Pest is his latest, most effective formula. Use only END-O-PEST.
Sold in DRUG STORES in 1 lb. packages at 40 cents each, 3 lb. packages at 85 cents, or in 15 lb. bags.

ITALIA FAILS IN LENIN LAND HOP
Fog Forces Dirigible Back to Kings Bay Base
Rear Motor Damaged in Making Landing
Airship on Trip Touches Franz Josef Land

(Copyright, 1928, by the Associated Press.)
KINGS BAY (Spitzbergen) May 11. (P)—The dirigible Italia was back at its base here tonight after an attempt to fly to the little-known Lenin Land, which was blanketed by the thick fog encountered over the ice fields. On landing here the hindmost motor struck and was dragged along the ground and will require repairs before another flight is attempted.
Gen. Umberto Nobile on his return said the dirigible reached Franz Josef Land one of the few bits of land breaking the monotonous stretches of ice and water, when the fog became so impenetrable that nothing could be seen. The dirigible already had encountered adverse conditions in the form of a snowstorm. He said he tried to find a way through the fog at heights ranging from 100 to 1000 meters, but all to no purpose.
At 1 p.m. he gave the order to turn the dirigible back toward its base, which it reached shortly after 4. Instead of the forty-hour flight which had been expected, the Italia was back at the haven in eight hours after the take-off this morning.
The crew of the Citta Di Milan, the mother ship of the expedition, had been advised by radio of the difficulties which the dirigible had encountered and had made full preparations for tending her here once more. Weather conditions were good here and the landing was accomplished with ease with the exception of the moments when the rear motor bumped along the ground.
The start of the flight of the Italia was delayed a few hours as all preparations had been completed. The meteorologist had advised waiting for a drop in temperature.

Court Excludes Strip Annexing by Long Beach

SAN FRANCISCO, May 11. (P)—The State Supreme Court today issued a peremptory writ of mandamus ordering in effect, exclusion of the west shooting strip district from greater Long Beach, which was annexed by Long Beach in 1924. The writ was granted on petition of Martha L. Barnes, a property owner in the strip in question. Her action was a friendly suit to determine jurisdiction over the tract.
Long Beach residents had voted previously in favor of exclusion of the strip but the Council refused to transmit the results to the Secretary of State for registration and validation on the technical grounds that the territory to be excluded never was a part of the city of Long Beach.

SENATE PASSES BILL FOR WOOD PENSION

WASHINGTON, May 11. (P)—Without debate the Senate last night passed a bill to grant an annual pension of \$5000 to the widow of Maj.-Gen. Leonard Wood. House concurrence is necessary.

Wanted Clarence L. Pierson's address. Supposed to be teaching commercial course in or near Pasadena. Please send message writing. Address 35, Box 255, Times Office.

BOOTLEG LIQUOR POISONS HOGS
Owner Jues Sheriff When Bald's Yield Proves Death Warrant for Five

QUINCY (Ill.) May 10. (Exclusive)—Sheriff Kenneth Elmore is in a suit to recover for the death of five fat hogs. The dry Sheriff recently raided a still on a farm owned by John L. Orsby of Coatsburg. Here the Sheriff dumped 2500 gallons of mash. The hogs ate it and five of them died with all the symptoms of a man having delirium tremens, according to Assistant State Veterinarian Lantis. Sheriff Elmore, it is said, deliberately dumped this mash where he knew the hogs were running and no protection for the hogs was given.
With hogs nearing the 11 cent mark, five fat hogs are a considerable loss.

POLAR PAIR START TRIP TO NORWAY
Journey Opens as They Aviate in Midnight Sun Gleam to Vessel

GREEN HARBOR (Spitzbergen) May 11. (P)—Capt. George H. Wilkins and Lieut. Carl B. Eielson, who flew across the top of the world several weeks ago, left Spitzbergen today aboard the sealing vessel Hobby bound for Thomsen, Norway.
The departure of the aviators from Green Harbor was a spectacular one, almost as much so as their arrival in Spitzbergen from Point Barrow. The aviators left Green Harbor itself just before midnight in the plane which had carried them across the polar regions.
The plane went off in the gleam of the midnight sun and landed some distance above the lead border of Isfjorden at Enderbuden. There the aviators boarded the sealer which was to take them back to civilization. The plane also was taken aboard. It is expected that the Hobby will reach Thomsen Tuesday.

Lindbergh Stunt Worries Many

NEW YORK, May 11. (P)—Col. Charles A. Lindbergh's latest secret flight caused many telephone lines to flying fields to be busy early today.
With his navigation instructor Lieutenant Commander P. V. H. Weems, the Colonel left the Ford airport, Detroit, yesterday at 2 p. m. Detroit time. His destination was kept secret. He had arrived at Curtiss Field, Long Island, at 3:30 p. m. daylight time, but for hours afterward his whereabouts was a mystery.
Long after midnight denial was made at Curtiss Field that he had arrived there. This caused inquiries to every flying field at which he might have stopped en route, and even at cities not on the route.

Suicide Trial Laid to Nurse

SAUSALITO, May 11. (Exclusive)—While her mother was reported en route to her side from Los Angeles, Miss Rosalind Chalmers, graduate nurse, 43 years of age, was said to be in a critical condition at the Ross General Hospital tonight following what is believed to have been an attempt at suicide. An empty vial which had contained poison was found outside the window of a boarding-house room here where Miss Chambers was found unconscious yesterday.
Identification of Miss Chambers was made by Mrs. Arthur Den of San Francisco, a sister, who said their mother resides at 215 South Templeton street, Huntington Park. Mrs. Den said her sister was a graduate of a hospital at San Mateo and had been working there. She added that Miss Chambers had been dependent for some time.

AID FOR TRAMMEN

Curtains on Engines Ordered by Commerce Commission

WASHINGTON, May 11. (P)—Railroads operating in northern and some western States were ordered by the Interstate Commerce Commission today to install curtains on locomotive cabs for the protection of firemen and engineers from November and April in each year.
Railroads operating in the following States are among those affected: Colorado, Idaho, Kansas, Montana, Nevada, Oregon, Washington, Wyoming, Utah and California north of Oroville and Trinidad.
In addition, railroads operating in the more northerly sector of the territory described must install a hood curtain closing the opening between the locomotive and tender. Railroads in California are excluded from terms of the order as to the hood curtains.
The Railroad Commission of Wisconsin brought the complaint before the commission which resulted in the curtain order today. It had the support of the Brotherhoods of Engineers and Firemen.

To accommodate those who desire an early departure on May 22, the first day of the low summer excursions this summer, the Union Pacific will run a special train leaving Los Angeles at 9 a. m., according to G. R. Bierman, general passenger agent. This special train will carry standard and tourist sleeper, chair cars and afford every accommodation. It will run on a fast schedule and make all important connections in Chicago with trains for the east and south.

UNITED CHURCH IDEA RATIFIED

Methodists Announce Stand at General Conference

Now Prepared to Receive and Extend Overtures

Commission of Thirty-seven Named for Discussions

KANSAS CITY, May 11. (P)—The Methodist Episcopal Church in its quadrennial general conference today ratified the idea of church unification, and announced itself ready to receive and extend overtures for closer co-operation and union with like-minded denominations.
A single commission of thirty-seven members was approved to represent the church in all unification discussions. The personnel of seven bishops, fifteen ministers and fifteen laymen is to be announced by the board of bishops by the 21st inst. Expenses of the commission were ordered paid by the general conference.
The action was taken by a vote of 823 to 3. Only technical points were argued in debate and the conference refused to send the resolution back to committees for reconsideration on minor points.
It had received the unanimous approval of eighty-six members of the committee on state of the church, Dr. Daniel L. Marsh, chairman, and president of Boston University, reported. Dr. Marsh hailed the move as "one of the most significant things done by any religious body in a long time."

IMPORTANCE OF MOVE

"There are vast reaches and important implications in this action. It doubtless will be a long time before Christianity is united; but it never will be accomplished without some great denomination faring forth with friendly overtures."

"Since the Methodist Episcopal Church is the largest religious body in America, it is appropriate that it should take the leadership in a movement for comity, federation and union."

The resolution recommends prompt and effective measures of dealing with overchurching and underchurching communities.

The commission was authorized to "make a careful study of the communication from the World Conference on Faith and Order at Lausanne, in 1927, to make suitable response to it; to co-operate with that body; with the World Conference on Life and Work at taken abroad. It is expected that the Council of Churches of Christ in America and other organizations seeking to promote understanding and co-operation between the various branches of the Christian church."

FRESEYTERIANS NEXT

Prime significance was attached to the church's declaration because like proposals will be made before the general assembly of the Presbyterian Church in the United States of America at Tulsa, Okla., the 24th to 30th inst.

Eventual union with all the Presbyterian and Methodist bodies and with the Congregational Church is sought in more than a dozen memorials sent to the committee, of which today's resolution is the synthesis.
Delegates estimate that unification negotiations in the three churches will involve 60,000 churches, 55,000 pastors and educators, the spiritual interests of about 35,000,000 people and property valued at approximately \$1,500,000,000. The conference paused in its business session in reverence to the memory of Mrs. William T. Hobart, 68 years of age, Methodist missionary reported killed by a stray bullet at Tainfu, China, April 26, last. Prayer was offered by Rev. Fred Pyke, missionary to China, and a relative of the slain woman, who had spent nearly forty years with her husband in the Chinese mission fields.

Garment Makers Sanction Strike

BOSTON, May 11. (P)—Sanction for a general strike in the cloak and dress industry in New York was voted today by the International Ladies' Garment Workers' Union, holding its nineteenth biennial convention here.
The resolution to strike charges that "because of poor leadership of the general strike by the Communist administration," the trade in New York was demoralized and nonunion shops had increased in number. It asks that the general executive board be ordered to start an intensive campaign in order to organize the trade completely, and if necessary to make this drive effective, to order a general strike.

CHAMBER BACKS TAX-CUT POLICY

Upholds Officers in Demand for 10 Per Cent Slash

Government Ventures Into Business Assailed

Moline Man Named Head at Closing Session

WASHINGTON, May 11. (P)—The Chamber of Commerce of the United States upheld its officers at its annual convention today by adopting a resolution calling for reduction of the income tax on corporations to 10 per cent and repeal of the inheritance tax.
Other resolutions adopted stated the chamber's opposition to government ownership and operation of merchant ships and the entry of the government into the marine insurance business.
The continued sale of vessels to private interests was approved as was the "encouragement of shipbuilding by liberalization of the construction loan fund provision, by favorable contracts for the carriage of mails and by provisions for payments by the government to officers and men of the merchant marine enlisting in the Naval Reserve."

EXCISE TAX FOUGHT
As to taxation, the resolution also favored repeal of the war excise tax on particular businesses and the refunding of annual treasury surpluses to the taxpayers "in proportion to the taxes they have paid," revision of taxation on non-transferable property of non-resident decedents, and the institution of state and local government budgets.
Another resolution deplored efforts to minimize the power of the Federal courts, or to substitute "the legislative will for the discretion of the judge in the discharge of a judicial duty."

Among the speakers today was Fred W. Sargent, president of the Chicago and Northwestern Railroad, who predicted a new era of transportation and communication based on government and public cooperation with the lines instead of the present "overregulation."

Matthew S. Sloan, president of the Brooklyn Edison Company, New York, attacked what he described as the proposal to place the government in the hydroelectric business at Muscle Shoals and at Boulder dam.

DOUBTS FEASIBILITY
He announced that the board of directors has authorized the appointment of a committee "to develop a sane business policy for handling the Muscle Shoals problem."

In the Boulder dam project, he said, "we have the problems of the elimination of the flood menace to Imperial Valley, assistance to a great irrigation project, domestic water supply for millions of people, and finally water power."
"The whole project, however," he concluded, "is made to rest on the unsound theory that power should pay for it all. As an engineer in the power business, I am one of many who seriously doubt its feasibility from the standpoint of basic information, the cost estimates, and the necessity of building this particular dam to secure the objectives of the people of the Southwest."

OFFICERS ELECTED
William Butterworth of Moline, Ill., was elected president, and Joseph H. DeForest of Chicago, chairman of the board of directors, as the chamber closed today its sixteenth annual convention.

The new president, who is a manufacturer of farm machinery, has been serving as a vice-president. He succeeds Lewis E. Pierson of New York. Robert P. Lamont, president of the American Steel Foundries of Chicago, was chosen

BLUE LAW VS. GREEN LAWN

Engelke Home Owner Gets In Tolls for Ambitious Sabbath Restiveness

BROCKTON (Mass.) May 11. (Exclusive)—This city has burst into blue law fame again. This time the city fathers are trying to stamp out the heinous crime of raking lawns on Sunday.
A fine of \$10, imposed for raking his front lawn on Sunday, will be opposed strenuously by Daniel Baker, 53 years of age, who was charged with violating the old blue laws enacted in 1902.
Baker says that Sunday is the only day he has to work around his home. He was raking up the yard, carrying leaves and stones away in a wheelbarrow when arrested.

The meeting, which has been in session here for a week, attended by other vice-presidents being re-elected. Seventeen new directors, or half the board, also were elected today. Both the retiring chairman of the board, Judge Edwin B. Parker of the German-American Mixed Claims Commission, and President Pierson, refused re-election.
The meeting, which has been in session here for a week, attended by other vice-presidents being re-elected. Seventeen new directors, or half the board, also were elected today. Both the retiring chairman of the board, Judge Edwin B. Parker of the German-American Mixed Claims Commission, and President Pierson, refused re-election.

Bids Opened for Mountain Road

SAN FRANCISCO, May 11. (P)—Bids for construction of approximately 2.2 miles of mountain highway in San Bernardino county, ten miles from the city of San Bernardino, were opened at the United States Bureau of Roads here yesterday.
Alternate offers were submitted, the first or "A" offer for construction without tunnels and the second or "B" for construction with tunnels.
The Nevada Contracting Company of Fallon, Nev., submitted the lowest bids as follows: (A) \$288,821; (B) \$308,908.

Drummer Begins Rat-a-tat Tour

BRUSSELS, May 11. (P)—Keeping the promise that he made last year, when he established the world's record for long-distance drum playing, J. B. Mary of Corbal (Province Brabant, Belgium) has begun a drumming tour through Belgium during which he is to go through all nine provinces walking and playing his drum without respite, except for his meals and sleeping hours.
Mary wants to celebrate his sixtieth birthday, which is this year, in visiting all the chief towns and centers of Belgium giving a concert in each community through which he is to pass.

Miss Carver's ex-Mate Weds

NEW YORK, May 11. (P)—Ira Hill, photographer, is not going to let his former wife, Kathryn Carver of the films, get ahead of him. He was married yesterday to Freda Godwin, New York society girl, much to the surprise of friends, who expected the wedding later in the month.
Paris advices indicate that Kathryn and Adolphe Menjou, screen actor, are to be made one in that city next week.

Wanted: Clarence E. Pierson's address. Supposed to be teaching commercial course in or near Pasadena. Important message waiting. Address X, Box 286, Times Office.

HINDU-ED NANCY HIES FOR PARIS

Rubies and Pearls Bedeck New Maharanes

Mysterious Discoloration Marks Right Eye

Indore Potentate Silent But "Walks Proudly"

MARSEILLES, May 11. (P)—The former Maharajah of Indore and his bride and Maharanes, the former Nancy Miller of Seattle, made their entry into France this afternoon.
The two, linked arm in arm, walked proudly down the gangplank of the City of Bordeaux to the pier, followed by a retinue of servants and aides such as an oriental potentate might well carry with him.
Neither the former Maharajah nor the Maharanes uttered so much as a single word, even to each other, from the time they left the ship until they entered the closed car which was waiting. Both, however, responded good-naturedly to the usual dictatorial instructions of photographers and were snapped countless times.
The Maharanes appeared a trifle fatigued from her journey and her right eye showed a trifle discolored. She wore a black silk dress nearly

VILLAGE KEEPS STORK AWING

Italian Hamlet Wins in Births; Nine Children to Family Average to Date

SANNAZZARO DE BURGONDI (Italy) May 11. (P)—This hamlet in the Province of Pavia, boasting twenty-one families with a total of 180 offspring, claims the high birth record of all Italy in proportion to population.
The chief patriarch seems to be Bernardo Annovazzi, with thirteen children. The rest of the twenty-one families boast anywhere from eight to twelve children.

The two left for Paris at 6 p.m. on the regular train, but a special car had to be added for their baggage, indicating an extended absence from India.

CHARGE SOUGHT FOR BLACKMER

Nye Queries Gov. Smith on His Indictment

WASHINGTON, May 11. (P)—Chairman Nye of the Senate Teapot Dome Committee wrote to Gov. Smith of New York today asking whether H. M. Blackmer, former chairman of the board of the Mid-west Refining Company, could be indicted under the New York law for his failure to make an accounting to his company for his share of the profits of the Continental Trading Company of Canada.
Evidence presented to the oil committee has been that Blackmer, who is self-exiled in Europe, received a total of \$800,000 from the Continental Oil deal, which sum, in the form of Liberty Bonds, is held in a safety deposit box in New York pending a decision by his former company as to whether any effort shall be made to recover it.

WINTER BOY COMMANDS ATTENTION
As He Points to Grave Perils of Laxity in Citizenship
HONOLULU CITY (Ola.) May 11. (Exclusive)—Harold F. West, a member of the 1928 National Oratorical Contest in Los Angeles, made a brilliant bid here tonight for the championship of the Hawaiian Islands and lost by a narrow margin to the winner, Emil Mae Cole of Oklahoma City.

Our citizens know that they have lived, and are living, in a nation having its very existence resting upon the pillars of freedom under law. Today our nation stands as a unit in world affairs. The products of its great manufacturing and industrial system are carried to all parts of the world. Its farmers and its fields are supplying the world with the results of their combined energy. Its complex educational system is training the boys and the girls of today for the responsibilities of the citizenship of tomorrow. Its government is honored and respected. Its policies, recognized as sound, are the foundation of our freedom and liberty, have a far-reaching effect in international affairs.

NATION TAKES LEAD
When President Coolidge in his annual message speaks of "conciliation," "forbearance," and "patience," as characterizing the policy of our government in dealing with a smaller and weaker nation, we know that our government is assuming the lead in striving to outlaw war and in promoting the general welfare of all nations.

Boy Orators in Close Contest

Joe West and Harold F. Pettie

Little Rock Boy in Fourth Place

George Franklin of Little Rock, Ark., boyish and eager in his appeal, placed a 25th and was one of the favorites with the audience. "The people made the Constitution," he declared, "and the people can unmake it. It is the creature of their will and lives only by their will. But this supreme and irresistible power to make or unmake resides only in the whole body of the people. It has been the predominant trait of our race that in matters of law and government it has had the saving grace of common sense."

Salt Lake City Boy is Fourth

William McCree of Salt Lake City won fourth place in the contest. "The Present Significance of the Constitution," the text of his oration follows: "Only in an intelligent understanding of the real significance of the Constitution of the United States by its citizenry, can this nation of ours hope that it may long endure. Just so long as citizens are imbued with the spirit of our fundamental law, the Constitution, are intelligent in their understanding of its high ideals and purposes, and stand ready to support and defend these ideals and purposes, just so long will our country continue to prosper and continue to hold aloft the light of truth for the guidance of mankind. But so soon as our citizens fail in comprehending the spirit of the Constitution, so soon as its high ideals and purposes shall cease to be theirs, when they shall fail to support and defend the Constitution in their daily lives, then indeed shall our country fail in its mission, and ruin come upon her."

New Mexico Boy Rated Seventh

Wendell E. Little of Roswell, N. M., who placed seventh, gave a forceful oration. "Speaking on 'The Development of the Constitution of the United States,' he traced the growth of the principles that were embodied in the Constitution by its framers, and revealed the influence that these principles have had in the progress of the nation. 'When the American colonists came to the New World, they brought with them the same ideal of liberty that their fathers had brought from the Teutonic forest,' he declared, 'they were the ideal and spirit of self-government. The Constitution of the United States has its roots deep in the past, and therefore has power to command the confidence, obedience and respect of men.'"

Bay City Cuts No-Park Zones

SAN FRANCISCO, May 11. (Exclusive)—With the statement that "you cannot expect business if you make it impossible for the motorist to get into the business district," Capt. Charles Goff, in charge of the traffic bureau, today announced a material reduction in the number and size of loading and no parking zones. "It is our purpose to bring these zones down to a sensible basis," he said. No parking restrictions at intersections were ordered cut from twenty to ten feet except opposite car stops and the safety distance at fire plugs was ordered reduced from fifteen to five feet. Ten loading zones were listed for elimination if possible and reduction if not.

Court Methods Also Efficient

SAN FRANCISCO, May 11. (Exclusive)—Bernard J. Kemper of Los Angeles was described in Superior Judge Graham's court today as an efficiency expert, but there was a difference of opinion. His professional qualification to the title was not questioned, but Judge Graham observed that his efficiency ceased when it came to answering court orders, and Mrs. Helen House observed that he was so inefficient in the matter of alimony payments that he owes \$4623. Judge Graham issued a citation for Kemper's arrest with the observation that "we will teach this efficiency expert something of the efficiency of the judicial system."

POPULATION 60,000

PHOENIX, May 10. (Exclusive)—A new city directory estimates that 60,000 persons are residing within the municipal boundaries of Phoenix, this with probability that 3,000 more will be found in the immediate suburbs. These figures agree with those of the school authorities and of the local public utilities corporation.

ORATORY ZONE FINALS DECIDED

Eight Winners Announced in Various Sections
Competition at Washington Next in Order
All to be Guests of Papers on Trip to Europe

Winners in eight zones, into which the United States was divided for the Fifth National Oratorical Contest, were selected last night to compete in the national finals to be held at Washington, the 26th inst.

Zone 1 (Lower New York, Connecticut, Upper New Jersey.)
Zone 2 (Pennsylvania, West Virginia, Lower New Jersey, Delaware.)
Zone 3 (Washington, D. C., Maryland and Virginia.)
Zone 4 (Southern States, exclusive of Virginia.)
Zone 5 (Illinois.)
Zone 6 (Western States north of Oklahoma.)
Zone 7 (Southwestern States on a line with or below Oklahoma.)
Zone 8 (New England, Upper New York, Ohio, Indiana, Michigan.)

The eight zone winners, regardless of the outcome of the national contest, will be the guests of the fifty-three newspapers sponsoring the contest on a three month trip to Europe, starting June 30, next.

KANSAS CITY BOYS AMONG VICTORS

KANSAS CITY, May 11. (Exclusive)—The boys of Kansas City tonight won the sixth zone finals of the National Oratorical Contest here on "The Constitution." Robert Barclay, Minneapolis, was ranked second by the judges and Thomas Clark, Elkhart, Iowa, was placed third.

The other contestants here were: Willard Schendel, Billings, Mont.; William Leuck, Beaver Dam, Wis.; Wilbur E. Johnson, Everett, Wash.; and Mike Renee, Madison, Ind., N. D.

OMAHA YOUTH WINS CONTEST

(Continued from First Page)
local residents and made to feel that the city was theirs during their brief stay here.

The young orators have made a decided hit wherever they have appeared and the city has made them appreciate the fact that their achievement in reaching the zone finals is worthy of the highest commendation, regardless of how they placed in the contest.

Four Perish as Home is Burned

GREELEY (Colo.) May 11. (Exclusive)—Four people were burned to death and a fifth is in a critical condition at a local hospital, as the result of an explosion and fire which destroyed the ranch house of Mrs. Adolph Maize, 34 years of age, and three children, Ramon, 6; Mary, 4; Ann Guadalupe, 3 months of age.

HEROES TO GET ENEMY'S VIEW

War Veterans to See Seives Through German Eyes

WASHINGTON, May 11. (Exclusive)—What the Germans thought of the American troops which helped to stop the drive on Paris and took the offensive at Belleau Wood, Bureches and Vaux, as recorded in the German official war reports, will be revealed on the tenth anniversary of the Belleau Wood battle when the Second Division Association holds its annual reunion in St. Louis May 31 and June 1 and 2.

Collection of the German official reports has been going on during the last year by the association and their translations, never before published, will be given the veterans of the division at their meeting. The Second Division, composed of marines and Regular Army troops suffered more casualties and was credited with the capture of more prisoners than any other division of the American Expeditionary Force.

RUPTURE EXPERT

For Men, Women and Children
COMING TO LOS ANGELES

Representing
WM. S. RICE, Inc.
of ADAMS, N. Y.

The Rice Rupture Method Expert, personal representative of William S. Rice, Adams, N. Y., will be at the New Rosslyn Hotel, 8th at Main, Los Angeles, Calif., from Monday morning, May 14 until Saturday evening, May 19. Every ruptured man, woman and child should take advantage of the great opportunity.

The Rice Method for Rupture is known the world over. You can now see this Method demonstrated and have a Rice Appliance fitted to you. Absolutely no pain, unless you are so fatigued that you are unable to stand after having the Appliance adjusted and you see how perfectly and comfortably it holds. No harsh, deep-pulling springs; nothing to cause the flesh and make you sore. Can be worn night and day with positive comfort. Soft, rubber-like composition pad, any degree of pressure required.

PILES FISTULA

Permanently removed without surgical operation or destruction from hemorrhoids or fissures. The relief is permanent, and no need to put up with all the other treatments, including the use of the rubber band method.

American Hospital Day

Note Proclamations. Today is visiting day. We invite you to call—today or any day. Inspect our methods and equipment in our new Hospital. We serve thousands and have since 1904 in Los Angeles.

Individuals Or Groups

Health Service includes physicians at our office—your home—at hospitals. Medicine—hospital bills—sickness or accident. Physical Examinations at Regular Intervals. Sickness or Accident.

American Hospital Association, Inc.

Suite 602-607 Western Pacific Bldg.,
Phone WE. 5284 1031 So. Broadway

DUDE RANCH

Do you want one of the finest locations in California for a Dude Ranch? Sacramento River Canyon, on State Highway, Southern Pacific R. R., clear sparkling river, fishing, hunting, timber, scenery, wild country and civilization, all at hand.

FRANK L. SPENCER,

Room 716 Capital National Bank Bldg.,
Sacramento, California.

HOLMBY HILLS ESTATE

592 Beverly Glen Blvd.

New 14 room home with 7 baths and a 3 car garage. Built for one who appreciates excellent construction, authentic architecture, harmonious decoration and convenience of arrangement. I have priced this home at 30% below market. Open for inspection from 11 A.M. to 6 P.M.

Glimpses at Secretary Hoover's Youth Gleaned From Family Album

OUT of an old family album in the possession of his sister, Mrs. Mary Van Ness Leavitt, 1337 Fifteenth street, Santa Monica, were culled these old photographs giving an intimate glimpse into the early life of Secretary of Commerce, and the outstanding candidate for the Republican nomination for the Presidency. It is not generally known that the Secretary was orphaned in his youth; that the matter of obtaining an uphill fight for him, or that after his graduation from Stanford he pursued his profession as mining engineer in half the countries of the globe. His later activities are well known because they have been so closely followed by the public, but of the entire world. The Times is indebted to Mrs. Leavitt for the old photographs, reproduced below with a number of the most recent pictures taken of the Secretary.

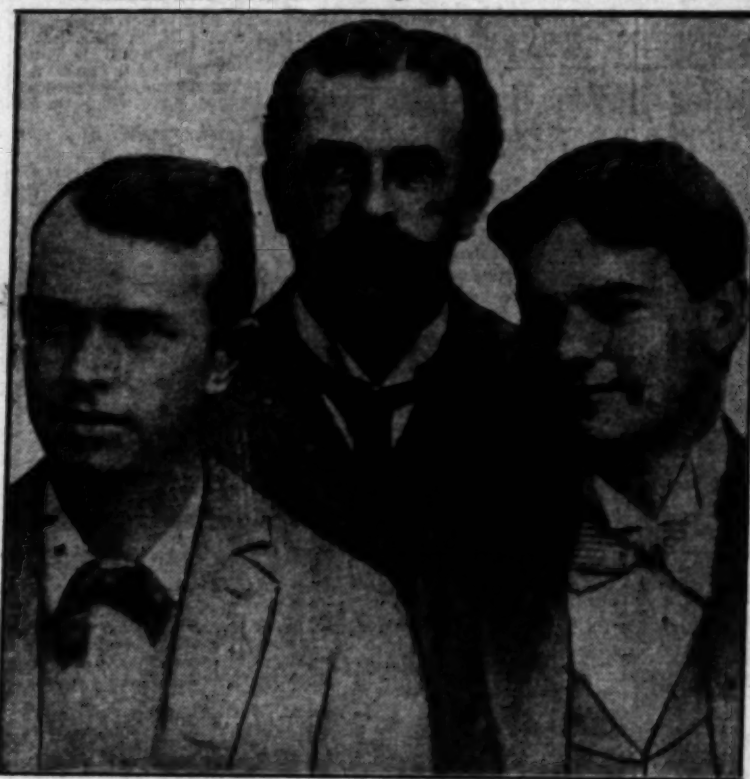

These Three Photographs of Secretary Hoover Were Taken This Week at Washington. (P. & A. photo.)

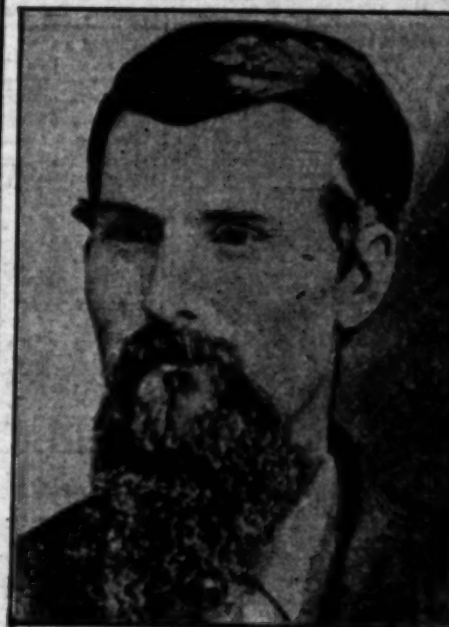

The Old Hoover Home at West Branch, Iowa, Where Secretary Was Born and Brought Up.

BUCK PASSERS TOY WITH DAM
Committee May Grant Bill Right of Way
Then Runs Gauntlet of Steering Group
Not Too Bright
WASHINGTON, May 11. (P. & A. photo.)—The House Committee on Public Works has become so great a power in the House that it is reported about in the mood of a rule for the House, putting it up to the Steering Committee to say whether the bill actually is to be taken up in the House this session.
The bill is a rule that will come out next week. If it is passed, it will be a great victory for the House, but it will have then the sanction of the Steering Committee.
STEERING PLOT
There are plenty of reasons to be sure that if at last a rule is passed, it will be a great victory for the House, but it will have then the sanction of the Steering Committee.
The bill is a rule that will come out next week. If it is passed, it will be a great victory for the House, but it will have then the sanction of the Steering Committee.
ANTAGONISM INKING
The Colorado River controversy was laid before Speaker Longworth and House Leader Tamm today by opponents of the bill.
The bill is a rule that will come out next week. If it is passed, it will be a great victory for the House, but it will have then the sanction of the Steering Committee.
WEAPON DISCARDED
Representative Douglas did not bring his bill to the conference with the Speaker's office yesterday, but said he would present it to the Speaker's office and Representative Tamm.
The bill is a rule that will come out next week. If it is passed, it will be a great victory for the House, but it will have then the sanction of the Steering Committee.
ARMY'S FIGHT ON
WASHINGTON, May 11. (P. & A. photo.)—The Army's fight on the public utility bill was continued today.
The bill is a rule that will come out next week. If it is passed, it will be a great victory for the House, but it will have then the sanction of the Steering Committee.

NEW NAVY BUILDINGS REQUESTED

Mess Hall and Barracks Needed at San Diego, Says Rear Admiral Gregory

WASHINGTON, May 11. (AP)—The House Naval Committee was urged today by Rear-Admiral Luther E. Gregory, chief of the Navy's Bureau of Yards and Docks, to authorize appropriations which would permit an increase in housing facilities at San Diego and Mare Island naval stations in California. Specifically, Admiral Gregory requested for San Diego an appropriation of \$172,500 for a mess hall and \$294,000 for barracks for 1,000 men. He explained that the mess hall would be for the detachment camp and would be separate from the present mess hall. New barracks are needed, Gregory said, because living in tents is not a healthful arrangement.

For Mare Island, the admiral asked \$195,000 for a mess hall and barracks for submarine crews. He testified that the present barracks are decaying.

He also asked \$240,000 for a battery storage and overhaul building for submarine work.

Representative Woodruff, Michigan Republican, a member, interrupted to say he visited the station a year ago and could verify everything the admiral said about the need for buildings.

Representative Evans, Republican, California, suggested amending the bill to include funds for an arrival hall at Mare Island and Rear-Admiral Moffett, chief of the naval air service, said he favors such action.

Admiral Moffett explained that the naval air service eventually hopes to have flying fields at all naval posts. No action, however, was taken on this proposal, but it was indicated it will be considered later in executive session.

OREGON IN FETE OVER RAIL LINE

Celebration Marks First Train Linking Bend and Klamath Falls Areas

BEND (Or.) May 11. (AP)—The realization of a dream of years for a rail link between the empires of Central Oregon and the great Klamath Basin was celebrated formally today by Bend and Klamath Falls.

With the arrival here this morning of the Great Northern train from Portland en route to Klamath Falls, Bend started festivities with christening exercises. Aboard the train was Gov. Patterson and a delegation of 100 members of the Portland Chamber of Commerce.

Little Polly Miller broke a bottle of champagne on the engine of the train, and Jay Upton, State Senator, spoke for Bend. The Portland train was followed by Klamath Falls by the Great Northern train carrying delegations from Bend, Pineville and other cities of Central Oregon to participate in the Klamath Falls fete.

KLAMATH FALLS (Or.) May 11. (AP)—Formal completion of one huge project and formal announcement of immediate construction of another marked the opening of the Great Northern celebration here today.

The completed project is the Great Northern line from Bend to Klamath Falls; the new project is the erection of a mammoth mill on the north bank of Klamath River by the Weyerhaeuser Timber Company. The new plant will be the largest mill in Oregon, and is one of the largest pine operations in the United States.

ROTARIANS IN TRIBUTE TO CRITICS

Both Mencken and Lewis Termed Organization's Friends at Convention

SACRAMENTO, May 11. (AP)—L. Mencken and Sinclair Lewis were named today by Almon E. Roth, governor of Rotary's second district.

Introducing a list by the Palo Alto Club entitled "A Salute to the Rotary Club of Menckenville, Lewis county, Americans," Roth said America's greatest critics of Rotary and Rotarians are "more our friends than we realize."

He credited them with exposure of absurdities which real Rotarians have been glad to try to correct and said to the delegates to the district convention: "If we can laugh at our errors, too, there's hope for us."

The city which followed depicted a club of self-sufficient fellows divided into luncheon cliques and ready to pass resolutions on anything because it was indigestible cost nothing and put the club "in right" with its neighbors.

The Rotarians who saw themselves thus burlesqued listened today to William R. Manier of Nashville, Tenn., who denounced amateur American Rotarians who visit foreign clubs and try to make them over on American lines. Manier also delivered the statement that a Rotarian can no longer remain a Rotarian and no Rotarian can be a Ku Kluxer, because Ku Kluxism is essentially religious intolerance.

Herbert Harris of Whittier was chosen district governor for California, Nevada and Hawaii by the convention by acclamation.

Senate Passes Bill on Pensions

WASHINGTON, May 11. (AP)—An increase in the pension allowed widows of Civil War veterans from \$40 to \$50 a month is provided in a House bill passed last night by the Senate. The widows would have to be 72 years of age and have been married prior to June 30, 1905, to receive the benefit.

SELF DEFENSE NATION'S RIGHT

Peace Society Takes Stand on Armaments

Outlawing of War as Policy Urged on World

Alien Business in "Unstable Countries" Decried

CLEVELAND, May 11. (AP)—The centennial congress of the American Peace Society went on record today as recognizing the inherent right of nations to arm for self-defense, but called upon all governments to see the moral obligation of outlawing war as an instrument of national policy.

The approval of the right of nations to prepare themselves against attack was contained in a favorable vote on the report of the commission on international law, which was adopted after lengthy debate.

The commission's proposal that the society approve armed defense of the "common interests of international society" was stricken from the report on the ground that it was a loophole which might put the society in the light of sanctioning war which it actually opposed.

INVESTMENTS NO CAUSE

At the same session the congress denied the "moral responsibility" of any government to protect the foreign investments of its nationals in countries "notoriously unsettled and disturbed." The recommendation for this action came from the commission on religion and was approved without any specific reference to the Chinese and Nicaraguan situations or any other instances of disturbed conditions.

The same commission reported that it recognized the "economic exploitation of politically backward peoples as one of the most prolific sources of war."

While the report of the commission on religion ultimately was approved, considerable debate hinged on its relation to the recommendations of the committee on international law, some of the delegates pointing out that the proposals in the two reports were in conflict.

COVERS OPPOSITES

One instance was the suggestion of the latter committee that American citizens be prohibited from affording aid to any nation which the United States holds guilty of a flagrant international crime or against which collective action is taken by the League of Nations.

It was pointed out that collective action by the League of Nations or any other group might constitute a declaration of war, whereas the congress had voted out reference to defense of the "common interests of society" and had emphatically renounced war.

To cover these points a motion was taken later pointing out to the directors of the society, who receive the reports, that the authorities on international law and those on religion had undertaken their separate investigations without intention of invading the jurisdiction of each other.

Other reports on the need for education in promoting peace, for extending social-service work in that direction and for further investigating the relations of industry to international understanding were approved.

PROPHECIES ON COTTON FACE BAN

Senate Favors Bill to Prevent Federal Price Forecast Bulletins

WASHINGTON, May 11. (AP)—A bill fixing a penalty of \$15,000 fine or five years' imprisonment for government officers who publish or authorize publication of price predictions on cotton was passed today by the Senate and sent to the House.

The bill passed by a vote of 64 to 10. Senator Heflin, Democrat of Alabama, sponsored the measure, which was drafted as a result of the break in the cotton market last fall after a prediction by the Department of Agriculture that a drop in cotton prices was imminent.

Provisions of the bill applying the penalty in cases of predictions of prices on grain and corn were eliminated without discussion.

Stinson Record Listed as Official

WASHINGTON, May 11. (AP)—The National Aeronautic Association announced today that the record for sustained flight set by Edward A. Stinson and George W. Haldeman at Jacksonville, Fla., March 28, 29 and 30, last, had been accepted by the Federation Aeronautique Internationale. The two flyers flew continuously for 34, 30m. and 20m. in a Stinson-Detroit monoplane.

Dill Charges Radio Combine

WASHINGTON, May 11. (AP)—"A giant monopoly" of the radio industry was charged in the Senate today by Senator Dill, Democrat.

Washington, in introducing a bill to regulate use of patents. Dill charged that the Radio Corporation, the General Electric, Westinghouse, American Telephone and Telegraph and the United Fruit Corporation are in the radio trust.

BRIDGE SALE APPROVED

WASHINGTON, May 11. (AP)—The Senate Indian Affairs Committee today approved the Ashcroft bill authorizing the Secretary of the Interior to dispose of two bridges on the San Carlos reservation, Arizona, across the Gila and the San Carlos rivers, which become unserviceable after completion of the Coolidge dam there.

TRADE MARK IN STATE FAVORED

Sacramento Regional Group Advances Plan

Grade Standards Proposed for Products

Gigantic Business Growth Held Feasible

SAN FRANCISCO, May 11. (AP)—The Sacramento Regional Citizens' Council, meeting at a banquet here tonight under the auspices of the Foreign Trade Club of California, discussed the many problems and endeavors of the organization.

Chief of the topics was the council's proposal to establish a State trade-mark and grade standards for California farm products. The case for the trade-mark was laid before the members and guests by Supervisor George T. Meeker of Chico, a director. Simon J. Lubin, president of the council, in an outline of the organization's policies, also advocated the use of such a State brand.

Meeker said the council proposed establishment for all farm products an official State trade-mark, based on grade standards, and that the State of California advertise the trade mark throughout the world.

Discussing world markets for California products, William G. Marvin, president of the Foreign Trade Club of California, pointed out the tremendous expansion of trade possible.

COEDA VULGARA LATEST DEGREE

David Starr Jordan Invents Tag for Stockings, Smoking Girl

STANFORD UNIVERSITY, May 11. (Exclusive)—Dr. David Starr Jordan, chancellor emeritus, invented a new degree today. After the name of the co-ed who smokes he would place the initial "V," meaning vulgar.

After the name of the co-ed who goes stockinged, he would place a similar designation. By inference the woman student who does both would be entitled to "VV," translating into "very vulgar."

The noted educator's views were set forth in an article in the Stanford daily.

sible and urged California producers to take advantage of foreign markets.

Agriculture and water conservation were treated in brief talks by Dr. Charles Keane of the State Department of Agriculture and Capt. John D. Hubbard of Chico.

Trainmen Back Short-Day Plan

CLEVELAND, May 11. (AP)—The fifth triennial convention of the Brotherhood of Railroad Trainmen today endorsed the six-hour working day.

INTERLOCKING PROFIT BARRED

Sales to Subsidiary Groups Must be at Cost

Railroad Commission Defines New Principle

Decision Follows Pickwick Stages' Action

SAN FRANCISCO, May 11. (AP)—In a decision handed down by the State Railroad Commission here today the Commission reaffirmed its attitude in refusing to permit a parent corporation to charge a profit on equipment sold to an operating subsidiary. The decision is expected to have a bearing on a number of rate matters now pending before the Commission, among which is the application of the Pacific Telephone and Telegraph Company for increases in rates expected to aggregate \$7,000,000 annually.

Today's decision was given after a rehearing of the application of the Pickwick Stages System to issue securities to the amount of \$67,500 to finance the purchase of auto stages but refused to permit capitalization of a profit charged by the parent company estimated by the Commission at approximately \$9,000.

In today's decision the Commission reaffirmed this attitude but

JAVA CALL SETS PHONE RECORD

British Statesmen Confer Over Thousands of Miles on Public Affairs

LONDON, May 11. (Exclusive)—One of the longest calls in the history of telephony was made today, when W. G. A. Cramsey-Gore, Undersecretary for Colonies, talked from Java with F. S. Amery, Minister of Colonies, in the House of Commons.

The conversation lasted nine minutes and was clearly heard at both ends. The beam system was used, the message being picked up by the short-wave radio circuit at Amsterdam and thence sent over telephone lines to London.

Once Overs - - - By C. D. Batchelor

"Don't you just adore whimsy, Mrs. Watlies?"
"Well, maybe I do and maybe I don't. How do you spell it?"

CHUCKLES from LIFE

The Door
Ma: You seem to have turned against Mr. Blink, Bude; I thought you wanted him to visit us.
Bude: I did, ma. But he's proved his culture. He's walked on my rug; he cut the leaves in all my best books; he insists on keeping scores on my bridge pads; he uses the Madeira napkins at tea; he uses the guest towels; he's sat on all the down pillows, and this morning I discovered the hand-painted shower curtain in the bathroom was actually all wet!

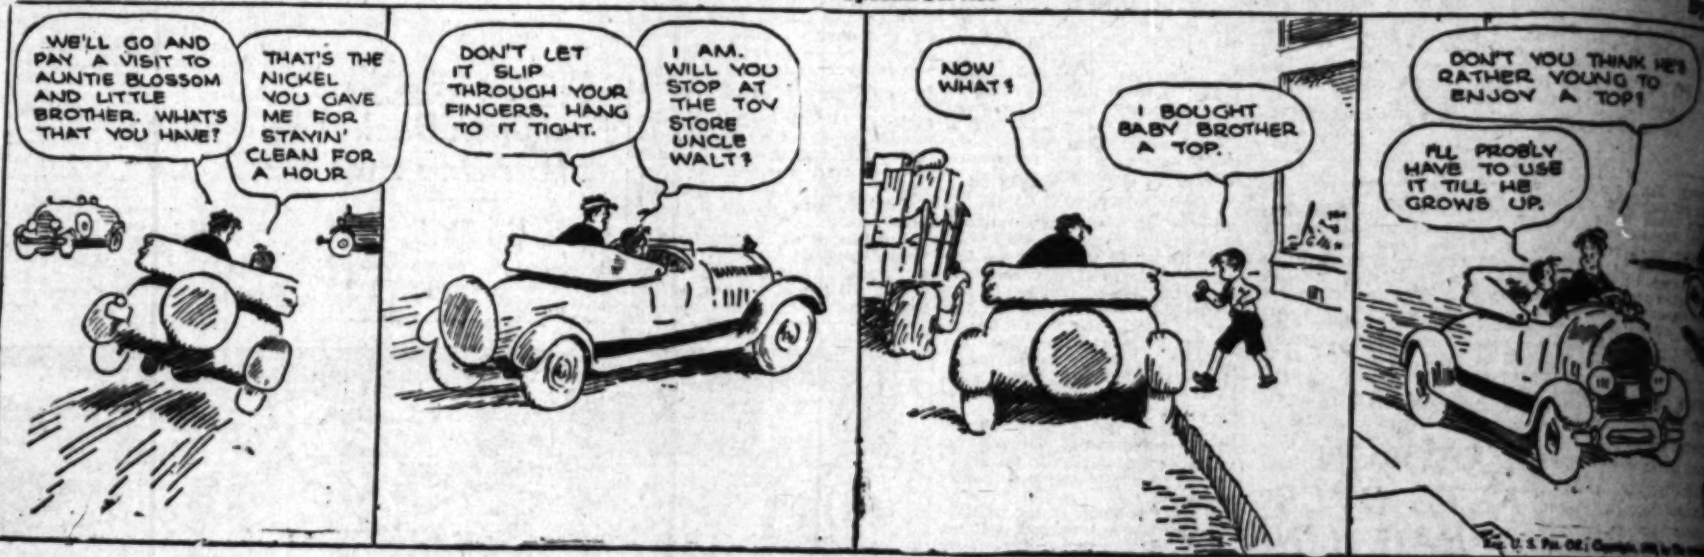

Heh, Heh, Heh!
A highly localized earthquake swallowed up the Gabbadful Furniture studios, leaving nothing save a gaping cleft in the ground.
"One of the wisest cracks I've ever made," declared Beinebub to inquiring reporters.

Private Stock
First Bootlegger: This Johnnie Walker tastes like the real stuff to me.
Second Bootlegger: Sure, it's the real stuff. I wouldn't think of cutting an old friend.

WALTER HAGEN WINS BRITISH OPEN GOLF CROWN

AMERICAN STAR EARNS
THIRD TITLE OVERSEASWinner Scores 292 at Sandwich;
Sarazen Finishes Second
With Card of 294

HE CAME BACK--HAGEN, THE INCOMPARABLE

With a pair of steady closing rounds the great Hagen yesterday won his third British open golf championship by scoring a dazzling 292 aggregate for the three days of play. He not only atoned for his terrible defeat at the hands of Archie Compston shortly before the journey opened but he once again demonstrated that year in and year out he is without a peer as a professional golfer. He is not only a superlative "money" player but a wonderful athlete.

Hagen Admits
He Got Thrill
Out of Victory

BY WALTER HAGEN

British Open Golf Champion, American Professional Champion, Special Cable to The Times and North American Newspaper Alliance, Copyright, 1928, Inc. by Walter Hagen.

SANDWICH (Eng.) May 11. (Ex-clusive)—Well, I came through for the folks back home, and the British open championship is mine. This afternoon the Prince of Wales gave me the famous old British open championship cup and a medal, both of gold, for winning today with a score of 292 for four rounds.

To say I didn't get a big thrill would be silly, for I did. I certainly enjoyed every minute of it. Sandwich has been good to me. It was here, in 1922, that I won my first open championship in this country. Today I have won my third British open. Gene Sarazen finished second, with 294, beating Archie Compston, the Britisher, by a stroke.

The beating I received from Compston at Moor Park a couple of weeks ago did me good. I left immediately after to come down here, and I've been doing nothing but play this course for ten days. I believe I know every blade of grass and the exact location of each bunker.

The Prince of Wales is certainly a good fellow, and in presenting the cup to me he made a neat speech. He said he hoped the American golfers would keep on coming to England.

"But sometime," he added, "I hope

PAUL HUNTER LOSES IN
FIRST ROUND AT LAKESIDE

other veteran who has helped make Southern California golfing history, shot a 73. Coleman came within ace of scoring a 69. Their cards:

Coleman	73	72	72	72	292
Hunter	75	74	74	74	297
Compston	75	74	74	74	297

Two University of Southern California freshmen, Allen Moser and Russell "Bud" Thompson, put up one of the stiffest matches of the day. Thompson won on the twenty-first hole. The Oakland star was 1 up on the seventeenth, but Moser sunk his putt for a 3 on the eighteenth to square the match.

Moser apparently had the match won on the nineteenth, when Thompson laid a styre and both were down in 4's. They halved the twentieth, both making short putts. Moser had two poor shots on the twenty-first and was down in 5. Thompson sank the hole and made a well-played four strokes.

Charles Seaver, 16-year-old Los Angeles High School golfer, defeated the veteran Norman MacBeth of Wilshire, 2 and 1, in a nip-and-tuck battle. Seaver was 2 up at the turn, losing his advantage when he dropped the tenth and eleventh.

CARD TRACK STARS GRANTED
PERMISSION TO STAY EAST

STANFORD UNIVERSITY, May 11. (P)—The faculty athletic committee of Stanford University granted permission last night to the members of the track-and-field team to take out leaves of absence for the rest of the school year.

This will enable the men to participate in the I.C.A.A.A. meet at Chicago on May 25 and 26, the N.C.A.A. at Chicago on June 6 and 7, and the final Olympic Games tryouts at Harvard on June 10 and 11. The selection of men to represent the school will be made by Coach R. L. "Dink" Templeton next week.

Members of the team, Capt. Emerson Spencer in the 100-meter and Henry One, two-meter, will leave the latter part of the week to get in extra time in order to get accustomed to the East.

GAVUZZI FORCED TO QUIT
PYLE'S MARATHON; SALO
CAPTURES LAP IN DERBY

FREMONT (O.) May 11. (P)—With Peter Gavuzzi, leader in the transcontinental foot race, definitely out of the contest, Andy Payne of Claremore, Okla., was brought in here at 5 p.m. today. The Britisher was picked up by a race patrol car thirty-five miles west of here.

"Trouble with my teeth has kept me from eating anything but liquid food for two weeks," Gavuzzi said. "I was so weak that I could not make any progress so there was nothing to do but drop out."

Gavuzzi denied that he would run and Monrovia.

John Salo, Pasco (N. J.) Finn, led the field into the sixty-ninth control station here today, after traversing the 64.7 miles from Waukegan in 8:58:43. Salo, third in the race this morning, has covered 269.2 miles in 48:52:05.

Others finished behind Salo in the following order:

Louis Perella, Albany, N. Y., 9:41:43; Frank Von Fise, Kansas, 9:44:13; Harry Albrecht, Bronx, N. Y., 9:44:13; Guido Umek, Trieste, Italy, 10:12:13; Andrew Parris, Claremore, Okla., 10:28:24; Philip Granville, Hamilton, Ont., 10:38:24; Mike Jurek, Cleveland, 10:38:24.

EL MONTE NINE ON TOP
El Monte High School's baseball team defeated the Puente nine yesterday by a 7 to 0 score. Citrus tripped the Monrovia ball tossers 3 to 2, which threw the San Gabriel Valley League into a triple tie for first place between El Monte, Citrus and Monrovia.

Stanford University, May 11. (P)—More than a hundred aspirants for places on the United States Olympic games team will vie for recognition in Stanford Stadium Saturday afternoon in the Olympic games tryouts for Northern California.

Full teams will be entered from Stanford and the Olympic Club, while the University of California

STEWART TAKES LEAD
IN DECATHLON TRIALS

Jim Stewart, husky Southern California sophomore, took a commanding lead in the first half of the decathlon trials run off yesterday afternoon at the Coliseum.

Stewart had the best marks in four of the five events and wound up the day with a grand total of 4068.12 points, his nearest rival having 3757.45.

The other five events will be run off today at Claremont.

part of the annual A.A.U. meet. Stewart ran the 100 meters in 11.1-58, broad jumped 22 ft. 4-1-4 in, put the shot 42 ft. 6-7-4 in, cleared 5 ft. 11 in. in the high jump and ran the 400 meters in 53.1-5 s. Irvin Tanner, L.A.C. athlete, had the best mark in the 400 meters, doing the distance in 52.3-5. Other

wise Stewart's records were all better than those of his competitors.

Joe Mortenson, star S.C. basketball player, was second yesterday with a total of 3757.45. He was big and strong and has been practicing diligently. Al Lefebvre, L.A.C. entrant, finished third with 3757.45. Clarence Bishop, Pomona College sophomore, wound up in fifth place with 3534.34. He may be strong on his own field today and in events where he is accustomed to performing brilliantly.

Chuck Lewis, L.A.C. veteran, had a total of 3512.13 for four events, but turned his ankle and had to retire after negotiating the high jump after competition had ceased. Other finishers were: Tanner, 3773.22; Rick Stocka, 3529.89; Harold Hager, 3506.34.

The events to be run off today are the 110-meter hurdles, discus, pole vault, javelin and 1500 meters. If

Sprint Events

BY BRAVEN DYER

The greatest array of track talent ever assembled for a Southern California event is slated to gather at Claremont this afternoon to participate in the annual meet.

World champions, national title holders, Olympic Games winners and a stock of less noted but equally capable performers are included in the huge entry list of approximately 250 athletes.

This being an Olympic year, competition is keener than usual, and thus far there have been numerous record-breaking performances, all of which insure a big afternoon at Pomona College today, as the meet is the last local affair prior to the official Olympic Games tryouts here, June 16.

It is true that one or two leading lights will not be present today, but the absence of Faddock, Borah and one or two others doesn't detract much from the class of the meet, principally because competition in certain events will be keener than ever, due to a better-balanced field.

NEW RECORDS LIKELY

New world's records are possible in three events today. Capt. Lee Barnes of the Southern California squad is likely to hoist himself to new and hitherto unexplored altitudes any time he takes his bamboo pole to hand. Lee did 14 ft. 1-1/2 in. at Fresno two weeks ago, and although desirous of not overtaxing himself at this time, is dangerous at 14 ft. 3 in. whenever he races down the runway. Barnes will get his chief competition from Ralph and Harry Smith and Glenn Graham of the Los Angeles Athletic Club.

Bud Houser, Olympic champion in the shot and discus, did 13 ft. 1-1/2 in. in the shot yesterday, and even last week and may crack his own world's mark of slightly better than 13 ft. 1-1/2 in. today. He is training diligently, but is going at it gradually in order to reach his best form during mid-summer. He may not enter the shot today, in which case Martin Orloff, who is consistent at better than 6 ft. 1-1/2 in. will be favored to win. Orloff performs for the Mercurian. Mother of

WALTER HAGEN WINS BRITISH TITLE OVER

(Continued from Eleventh Page) Three strokes behind Jose Jurado ward holes, that is to beat Hagun.

went out steadily and confidently to play himself into the lead by a stroke at the end of the third round and a two-stroke lead, when

cherubic Sarazen, was the last threat, Jurado, a featherweight with a lot of nerve, slipped from his leading position of the

Jim's father, the Aesop character of the first Buenos Aires show, lost one of his popularity as he faded from the picture under the grueling test. The marvel to those who watched him play was not that he slipped but that he stayed so long among the giants of the game. He fought a gallant fight against men almost twice his size and with years of experience to lead them.

To Jim Barnes, who has also won the title in years gone by, went the honor of having the best round of the closing day. His 71 was a great performance and landed him well among the first ten when he seemed to drop out of the first half after taking 78 this morning and with the nightmare of an 81 brought over from yesterday.

The final day's play resolved itself into a battle between four men of three nationalities, Hagen, Sarasen, Compston and Jurado. Not until the home stretch was reached could the winner be known for certain, so close was the margin. Hagen had over Sarasen and Compston.

Had putting put Jurado out of the running early in the afternoon

and the fight was narrowed to Hagen, Saracen and Compston. The last two challenging the 293 Hagen had set for them to shoot at.

Rounding the turn and emerging from the hills, valley and gigantic sand dunes featuring the terrain of the outward journey Saracen knew, as he started the stretch leading to the long home-

going line," said Saracen. "I busted my waste on three shots in a row. I don't know who shot me and I don't know who he hit. I was in a cumber and yesterday, when I was in the wood shop. That was enough to let me know I was in a plumpish phase."

PAUL HUNTER DEFEAT

(Continued from Eleventh Page)

In a row. He came back to halve the twelfth and from that point carried the match to his opponent.

M. B. McQuinn's
Mark Astor

The defeat of Les Hensley, runner of second low gross, gave the locker room something more to talk about. Paul Lavells turned the trick, 1 up, after another terrific battle.

E. S. "Scotty" Armstrong of Lakeville remains alone of the early favorites among the old-timers. He won his last event over George M. Lewis 3 and 1. Providing he gets by Harlan Stevenson in the morning round today, and Seaver subdues K. K. Brown, the two will meet in the third round tomorrow afternoon.

There will be two rounds of play

Today, eighteen holes in the morning and eighteen in the afternoon. Defeated eight flights will follow each flight. There will also be a thirty-six-hole semifinal first flight Sunday, and thirty-six holes finals or the first flight Monday.

Yesterday's results:

CHAMPIONSHIP FLIGHT, 9:30 A.M.

Paul Lavette defeated Les Hendrix, 1 up.

Jack Galters defeated Ed Hendrix, 2 and 3.

Bill Galters defeated M. H. Hendrix, 2 and 3.

J. M. Reed defeated Ralph Armstrong, 3 and 1.
 David Martin defeated J. M. Arnall, 3 and 1.
 J. M. Armstrong defeated George M. Lewis, 3 and 1.
 Martin Stevenson defeated Nick Schneider, 3 and 1.
 E. K. Brown defeated E. P. Parker, 3 and 1.

PORT

PORT
The port of Los Angeles today received a steady stream of cargo, with a total of 1,000 tons of goods landed. The most prominent arrivals were from the Pacific Northwest, including a large shipment of lumber from the Puget Sound region. The cargo was handled efficiently by the port's extensive fleet of wharves and piers, with many vessels arriving and departing throughout the day. The weather was favorable, with a light breeze and clear skies, allowing for smooth sailing and quick turnaround times for the ships. The port's operations are a vital part of the local economy, providing employment for thousands of workers and facilitating the trade of goods between the United States and other parts of the world.

NEW YORK BOND PRICES

LOS ANGELES EXCHANGE

Oil Lead in Trading Activity and Feature Bullish Advances to Higher Ground

Oil stocks led by Richfield, took part in more than usual activity on the Los Angeles Stock Exchange yesterday and advanced to a higher price level, while bank stocks checked their recent bullish movement and reacted slightly. All other divisions of the market list registered advances without exception over the closing prices of the previous session and many issues marked up new record prices.

Richfield Oil trading totaled 30,000 shares and resulted in a new high for all time at 47-7/8, up 13-1/4. It closed at 47-7/8. The preferred stock with purchase warrants advanced to a new peak at 18-3/4 and closed at 18-1/4 for a net gain of 1-1/4. Pacific National, another new record at 65, up 3 cents. Palmer Union added 16 cents to a new top at 43. Rio Grande advanced 3 points to 34 1/2 and closed at 34 1/2. Union of California added 5-1/2 to close at 53-1/4 and Union Associates 1-1/4 to close at 53-1/4. Bolas Chica scored a new record price at 80, up 5 cents. Los Angeles-First National led the activity of the bank group and closed off 4 points to 164. Bank dropped 7 points to 171. Merchants National dropped off 1/2 to 286. Bank of Italy advanced 3/4 to close at 305 and Security Trust \$24.00.

OCTOGENARIAN WILL SING MOTHER SONG

Los Angeles District Chief
Stunned by Defeat

County Federation Proposal
Tentatively Studied

Several Resolutions Carry
as Sessions End

BY MYRA NYE

SAN DIEGO, May 11.—Stunned by their unexpected failure to carry the revision for a more equitable apportionment of delegates and dues, the Los Angeles district leaders today in San Diego began making tentative plans for reorganization after the result of the vote had been announced by Mrs. W. W. Green, presiding in the last day's session here of the California Federation of Women's Clubs.

The result of yesterday's ballot was given as 510 votes favoring amending Article XIII of Section 1 of the constitution and 292 votes opposed. With a two-thirds majority required, the proposed change was defeated by twenty-five votes.

Mrs. W. W. Green spoke in a symposium of federation harmony participated in by the presidents of districts in the State. Mrs. Green made a graceful talk on "tuning in." She made a charming appearance, was presented with flowers and was warmly received by the whole convention body. Mrs. Howard U. Sherwood, vice-president, reminded a group of leaders of their new power of calling a new convention of the Los Angeles district as provided by a recent by-law passed by the district for this purpose.

The tentative plan is to organize a county federation to be known as the Los Angeles County Federation.

TWO WILL REMAIN

Two clubs have signed their intention of remaining with the present district federation, the Lincoln Study Club and the California History and Landmarks Club. Mrs. Florence Dodson Schenck, State chairman of history and landmarks, counseled delay in any action. These two small clubs, she said, may legally comprise the whole district. Two thousand dollars contributed for the headquarters of the district on Hobart Boulevard in Los Angeles was given by the four counties, Inyo, Santa Barbara, Ventura and San Luis Obispo, which with Los Angeles county form the present district. This will be returned in case the county federation is organized upon the return of the delegates. It was stated by members of the convention that the Eagle Rock is expected to withdraw from the State federation.

The most interesting feature of the convention from the construction viewpoint was the one this morning when the heat of revision discussion had subsided.

Resolutions to prevent oil drilling on tide lands of the beaches, indorsement of the educational program of the state by asking for a proposed \$100,000 appropriation for special education, to ask Harvard University to cease its discrimination against women working for public health and to give to them the same certificates as they now give to men, and one to put a course of study in the high schools teaching the law of commerce things, all were carried unanimously.

WOMEN'S FARM OPPOSED

Cora Woodbridge, who has served three terms in the State Legislature, opposed a resolution presented by the San Diego Civic League asking for a State industrial farm for women. Mrs. Ernest Wallace of Alhambra, representing a San Francisco club chairman of a crime commission appointed by Gov. Young, made a plea for its passage which was done. A resolution presented by the Corona Women's Club asking for better law enforcement in case of murderers, naming specifically Clara Phillips and William Howard Brown, was adopted by Mrs. Mariana Bertola as too sensational and undignified. It was referred back to the makers for revision.

Mrs. E. B. Rosenberg, of Laguna, urged in an open forum on progress toward the women to enter politics side by side with their husbands. Bessie Barry, presiding, said they should not take orders from their husbands.

"Progress makes for the inevitability of taking our place in politics beside our husbands," said Mrs. Rosenberg. "The basis of our living is politics. Economics, commerce, the social body, relations of our country to foreign powers, all affect our homes and children. Our husbands are as much interested in them as we are."

The convention closed formally (Continued on Page 3, Column 3)

WOMEN DISCUSS NEW CLUB PLAN

Los Angeles District Chief
Stunned by Defeat

County Federation Proposal
Tentatively Studied

Several Resolutions Carry

NEW PALACE OF SKIES ARRIVES

It's Declared Last Word in Aviation

Murder Charge in Mrs. Randolph's Death Complicated by Controversy Over

STATE STARTS FINANCE CHECK

Daughter Withholds Basis for Suspicion

Husband's Counsel to Fight Incommunicado Status

Arsenic Shown by Autopsy Causes Accusation

With J. W. Randolph, well-to-do broker, in the County Jail on a charge of murdering his wife, Mrs. May Winnet Randolph, authorities last night were checking up on financial dealings Randolph is said to have had with his wife when she was Mrs. May H. Winnet, wealthy widow of Pasadena.

The secret arrest of Randolph was made last Tuesday when it became known that the husband of his wife contained a quantity of arsenic. Although she was supposed to have died from peritonitis, County Autopsy Surgeon W. H. Harris reported death as caused not by pathological causes but by arsenic poisoning.

ESTATE IN CONTEST

The arrest of Randolph revealed also that Mrs. Randolph left an estate valued at \$175,000, over which there is a contest involving a will produced by her daughter, Mrs. Annetta Collier of New York.

How Precipitated
The incarceration of Randolph precipitated a heated denunciation of the District Attorney's office by Harris for his client's being held incommunicado. An application for a writ of habeas corpus was made by Harris before Superior Judge E. J. Craig, but before it could be acted on by Dep. Dist. Atty. Thoms appeared with a complaint charging Randolph with murder. With deputy sheriffs and a detective, Randolph was taken before Municipal Judge Stafford, where he was arraigned and his preliminary hearing set for next Thursday morning.

Mrs. Randolph's name formerly was Mrs. May Wheeler Winnet. She was wealthy, attractive and reportedly was in Hollywood. According to the authorities she was living in Pasadena when she met Randolph, who lived in the Flamingo Apartments on North Los Angeles avenue. After courtship of one year the couple were married in Santa Ana, May 26, 1927. After the marriage they lived in Hollywood.

She became ill in January and was thought to have been suffering from gallstones. According to Harris a number of doctors attended her.

DOCTOR'S REPORT

Coroner Vance reported that according to his information Dr. William Duncan was summoned only on the day on which Mrs. Randolph died, February 3. The death certificate, signed by Dr. Duncan, stated that he had been on the case only a day. Death was attributed to peritonitis following internal disorders.

Not long after the death, Coroner Vance said, his office was appealed to by relatives and certain circumstances connected with the death were related. Vance had the body exhumed and ordered an autopsy. Mrs. Annetta Collier, a daughter, had arrived from New York. She is a writer, as is her husband, Wilson Collier, author of "Up in Mabel's Room," "Getting Out in the Garter" and other stage successes.

DETAILS WITHHELD

Mrs. Collier, in discussing the charges against Randolph and his arrest, last night declined to reveal the entire circumstances surrounding her investigation of her mother's death.

CURIOUS CONFLICT

"There was starting information, as I had received a letter by air mail from mother on Thursday in which no mention was made of her sickness. She wrote the letter Saturday, it was sent by air mail Monday and reached me Thursday. When notified of her death I immediately started to Los Angeles and arrived the day of the funeral. Certain information which was placed in my hands a few days after her burial created a suspicion in my mind, and I decided to satisfy myself as to the circumstances of death. The investigation revealed some amazing features, which will be brought out in preliminary hearing. Much of my information has been placed in the hands of the authorities for such action as they consider best, and my interests in the estate are being handled by my own attorneys."

Principals in Los Angeles Murder Case Sensation

Bitter Legal Battle Looms on Homicide Charge
Above—Mrs. May Winnet Randolph (Tyko photo), whose death, the State asserts, was due to arsenic dose for which her husband, J. W. Randolph, well-to-do broker (right), faces a charge of murder. Below, the home at 1308 North Harper avenue, owned by the dead woman and part of estate in controversy between husband and Mrs. Randolph's daughter.

Mrs. Randolph at the time of her death.
Following the complete autopsy and analysis by the county chemist, it was found, it is asserted, that the lower intestine of Mrs. Randolph's body contained a startling amount of arsenic. There were traces of arsenic in the kidney, liver and brain, the Coroner reported. Dr. A. F. Wagner, autopsy surgeon, reported to Coroner Vance that the death was caused by arsenic poisoning and was not due to pathological causes.

Dist. Atty. Keyes was called in and a full investigation ordered. Examining the death certificate, the woman's age was given as 48 years. The daughter says she was 63 years of age. The informant's name, the state of the certificate, was given as "Jacob Wheeler." The authorities are trying to find out who Jacob Wheeler is. The daughter says she is certain there is no relative of that name.

MAID QUESTIONED

Clara Pepper, the maid employed at the Randolph home, was questioned to check up on certain statements alleged to have been made by Randolph to P. J. Pirotte, District Attorney's detective staff. Randolph is said to have administered certain internal injections to his wife under the direction of one of the doctors.

It develops that a court battle is in progress between Randolph and the daughter, Mrs. Collier. The law firm of Loeb, Walker & Loeb, in behalf of Mrs. Collier, filed a will by May Wheeler Winnet, executed by her in November, 1924. That was the name used by Mrs. Randolph at that time, it is asserted. All of her estate was under the terms of this will to the daughter.

QUARREL OVER ESTATE

Randolph filed a petition for letters of administration, asserting that he was the husband of the deceased. Mrs. Collier filed an objection to this petition, asserting that he was not the husband, although not giving the reason for her assertion. She also asserted that Randolph was too imprudent and too lacking in integrity to act in a trust capacity. She also petitioned for letters of administration as de-cedent's nominee.

PARADE PLANNED

at Loyola Fete Registry for Child Visitors

Seventy-five organizations in Los Angeles and neighboring cities will participate in the ground-breaking parade to be held at the site of the new Loyola University at Playa Del Rey the 20th inst. The parade will form at Manchester avenue and Palmouth street and with bands playing will proceed to the location on the hills where the university is to be erected.

HARLAN HOTLY DENIES WRONG

Actor Again Takes Stand in Henry Divorce Case

Says He Was Merely Casual Friend of Woman

Motion to Name Witness as Correspondent Fails

Kenneth Harlan, motion-picture actor, for the second time took the witness stand yesterday to make a sweeping and emphatic denial that he was any more than a mere casual acquaintance of Mrs. Gertrude Virginia Henry, defendant in the divorce action brought by Albert Preston Henry accusing her of infidelity.

The actor was visibly angered when he took the stand at the hearing before Judge Valentine, which has been going on for three weeks.

While he declared he came into court voluntarily to defend his name he exclaimed with considerable heat:

"I am sick and tired of having my name dragged into this case. There has been some mistake. I never met Mrs. Henry more than three times in my life and then in the most casual way."

SUITS TO BE FILED

Both the actor and his attorney, Roger Marchetti, later advised the court that they intended to file suits to vindicate the name of the actor. Three of the actions, they said, will be civil ones against witnesses in the Henry case, charging slander and one a criminal action against a witness asserting perjury.

The film actor emphatically denied ever having taken a trip to Catalina Island with Mrs. Henry on the steamship Avalon as charged by Mr. Henry. He also denied that Mrs. Henry visited him at Bungalow No. 113 at the Universal Studios last year while he was making a picture.

Attorney Marchetti explained that his client is in a peculiar position. He said that the manner in which the case was brought into the case without naming him as a correspondent, is exceedingly subtle and unfair.

MOTION MADE

Attorney Clyde Murphy for Mrs. Henry moved that the actor be named as a correspondent or strike from the record all testimony mentioning his name in connection with the case.

LOCAL PLANES LAUDED

Los Angeles has some of the leading aviation experts in the country as residents and remarkably few planes are being manufactured here with the present facilities, the speaker stated.

The airplane builder today is putting every bit of money he has into his factory and he cannot afford to buy real estate," declared Mr. Stout, in discussing the possibility of a privately-owned airport for communities. "Every reliable plane manufacturer is unable to keep production up with demand."

Lie Charge in Alimony Case Leads to Jail

Despite the tears of Viola Genardi, her spouse, Oscar J. Genardi, was led ignominiously out of Judge Yankwich's court and over to jail yesterday.

GROWTH RAPID

As an indication of the rapid growth in the public's confidence of the future and safety of air travel, Mr. Stout stated that, to his knowledge, there was not a single manufacturer of standard aircraft who has not overroled for the present year.

"The Ford Motor Company has not a single salesman in the field and pays no commission for selling its cars," he said. "Yet we are thirty weeks behind schedule. It is impossible for us to fill the demand for the tri-motored plane."

Mr. Stout, in introducing Mr. Stout, related briefly the effort of Los Angeles to obtain a municipal airport and said that the failure of the recent \$5,000,000 airport bond issue was due to the public not being thoroughly informed. Mr. Stout expressed the opinion that Los Angeles will have a municipal airport within a very short time.

Tonight, the health department for a local aircraft manufacturing company, was introduced to the gathering by Mr. Stout as an old friend in the days when they were experimenting with aircraft. Wright was gaining his reputation.

PUGILIST POSTS Bail in Battery

Surrendering in Municipal Judge Wilson's court yesterday, Capt. Bob Roper, promoter of a physical-culture studio and former heavyweight boxing champion of the A.E.F., posted \$50 to insure his appearance Monday to plead to a battery charge.

G. Carlyle, business man, complained that Roper struck him over a business deal Tuesday in his office in the Merritt Building. The defendant retired recently from the professional ring and established a physical-culture school on South Western avenue.

WIFE LOSES FUNNY MAN OF SCREEN

Billy West, comedian, yesterday obtained a divorce from Ethlyn West, known on the stage as Ethlyn Gibson, after a brief hearing before Judge Schauer in Superior Court.

The charge was desertion. West once sued another man, Michael Glaser, accusing him of responsibility for West's defection, and demanding damages of \$100,000, but this action was dismissed before trial date.

"I tried to get her to come back to me, but she wouldn't," he testified before Judge Schauer yesterday.

PURE THEATER LAW GETS INDORSEMENT

The City Council's action in prohibiting legislation designed to prohibit the showing of plays depicting sex perversion was yesterday commended in a letter received by the Council from the Los Angeles Tenth District California Congress of Parents and Teachers.

Dame of All Los Angeles Mothers

Gift of Sweets For Senes Old Age
Mrs. Elizabeth Goodrich, 104 years of age, yesterday was presented through Ruth Taylor, a replica of the Mother's Day trophy which is awarded her by California Dairies, Inc., as oldest mother in Los Angeles area.

SLACKER HUSBANDS ATTACKED

Council Seeks Way Out of Expense Under State Reimbursement Law

Husbands who fail to provide for their wives and families and are sent to jail, leaving the city to make payments to the wives and children so that they can live, came under attack from the City Council yesterday.

The State law provides that cities must care for wives and children in these non-support cases, but the picture of husbands sitting in jail while the city pays their families aroused the Council.

"Isn't there some way," asked Councilman Martin, "that these husbands can be put to work? The city should have a rock pile or we might send these men out shoveling dirt and sand, if we must pay their families."

Councilman Alber said that the State law requires the payments to be made to these destitute families. He said that the Council's Finance Committee is now trying to work out a system that will make jail life unattractive for slacker husbands and fathers.

The Council was forced to appropriate \$3000 to the failure-to-provide account of the police department.

MATRIARCH TO RECEIVE MEMENTO

Montebello Woman Wins Competition in Span of Life's Journey

Forty-five pounds of cake and ice cream is the reward to Mrs. Elizabeth Goodrich for being the oldest metropolitan area. One hundred and four years of age last March 20, she leads the field of aspirants for the mother's trophy of ice cream and almond paste to be given by the California Dairies, Inc., as a memento of Mother's Day.

Mrs. Goodrich lives with her daughter, Mrs. Ada M. Kennedy, at 723 South Maple avenue, Montebello, and is known throughout the neighborhood as "Grandma Goodrich." She also has a son, F. W. Goodrich of Sanger, Cal., seven grandchildren and thirteen great-grandchildren.

The cake which will be sent to Mrs. Goodrich will be in the form of a closed book with the words, "Mother O' Mine" and a spray of red carnations as decoration. The Montebello Women's Club, of which Mrs. Goodrich is an honorary member, will be guests.

The presentation of a replica yesterday was made by E. L. Walker, manager of the fancy ice-cream department, with the assistance of Miss Ruth Taylor, youngest Wampus star.

Among applicants for the honor of being the oldest mother were four others over 100 years of age.

CITY HALTS EMPLOYEES IN EXTRA JOBS

Municipal Ban Placed on Connection With Private Business Exploits

"Hold-up" advertising schemes in which solicitors are assisted by city officials and employees were denounced by the City Council yesterday. The Council's action was to instruct City Attorney Stephens to prepare an ordinance prohibiting any solicitor from working in conjunction with a city employee or official to put over a private business.

The legislation was occasioned by a complaint from Health Officer Parrish that food-handling concerns which come under the inspection of the health department had been solicited for advertisements in books and other publications, the solicitors saying they had instruments from the health department. Their solicitations carried the implied threat that if the concerns did not "come through" the health department would get after them. The Council directed that the legislation apply not only to the health department but to all other branches of the city government.

FUNDS TO BE SOUGHT FOR SNOW SPORT

More Buy \$100 Tickets for Junior Chamber's Dinner to Boost Winter Games

Additional purchasers of \$100 tickets to the first annual sportsman's dinner at the Biltmore next Wednesday evening were announced yesterday by President Durward Howes of the Junior Chamber of Commerce, which is sponsoring the banquet. They are John H. Miller, Russell H. Ballard, Al Christie, Ralph Husman, Owen P. Churchill, O. Allan Hancock, Curt Rosenthal, Walter P. Story, Marco H. Hallman and Dr. Dudley Fulton.

An important purpose of the \$25,000 fund which proceeds of the dinner are expected to raise, Howes said, is to increase the scope of the annual winter sports and games in the mountains. When easterners learn that, in one day, they can both play in the snow and on the sun-warmed sands of the beaches, they will come here in increasing numbers, the Junior Chamber believes.

Other objects of the fund are to guarantee financially the annual \$10,000 Los Angeles open golf tournament, now in its fourth year, and the Junior Chamber's 1928-29 program of other events, including polo, tennis and yachting.

Residents of the community of South Gate will settle down in the event of their ways again, for the suit brought by Mr. and Mrs. George Lambert against police officers of the town over the killing of their strayed dog is at an end.

Judge MacCoy yesterday held for the defendants, Frank L. Briddick, Chief of Police, and other officers of South Gate.

The Lamberts asserted the officers entered their yard, untied the dog, took him out and shot him. They asked \$1000 damages. The officers denied the charge.

Officers Victors in Suit Over Dog

Residents of the community of South Gate will settle down in the event of their ways again, for the suit brought by Mr. and Mrs. George Lambert against police officers of the town over the killing of their strayed dog is at an end.

Judge MacCoy yesterday held for the defendants, Frank L. Briddick, Chief of Police, and other officers of South Gate.

The Lamberts asserted the officers entered their yard, untied the dog, took him out and shot him. They asked \$1000 damages. The officers denied the charge.

JOINT STATE FESTIVITY

Thursday evening, the 17th inst., will occur the joint reunion of Utah and Idaho folks in Vel'raan Hall at 246 South Hill street. Several musical numbers, readings and comedy singing will be among the attractions, and dancing will close the evening.

BULLET-PIERCED MAN'S KERCHIEF ALSO PICKED UP

Another Unmarked Grave Believed to Exist

Injured Woman Reported on Way to Recovery

Husband Conducts Search for Wife's Attacker

A piece of torn garment with a bullet-stained bullet hole, together with a man's handkerchief, was taken to the Sheriff's office yesterday by Howard Billings, Los Angeles state's attorney, who said the state's charge that a bullet-riddled man, who was shot in the back of the head by a man named William Whittier, was taken from the woman, if the assumption is true, the officers believe the man who shot Whittier was the same man who shot the woman.

The bits of evidence, the investigators believe, give further credence to the theory that the man who shot the woman was the same man who shot Whittier. At a coroner's inquest yesterday when questioned by Deputy Sheriff Peters and Purcell, Whittier's wife, Mrs. Whittier, said that she was attacked first at her home in Montebello Park, and then bound and carried to a rooming house on the corner of Broadway and Main streets, where she was thrown into a shallow grave.

These events were occurring when Mrs. Marie Billings, the injured woman, was reported on the way to recovery at the Murphy Memorial Hospital in Whittier. At a coroner's inquest yesterday when questioned by Deputy Sheriff Peters and Purcell, Whittier's wife, Mrs. Whittier, said that she was attacked first at her home in Montebello Park, and then bound and carried to a rooming house on the corner of Broadway and Main streets, where she was thrown into a shallow grave.

Indications yesterday were that the woman was recovering. Other statements by Mrs. Whittier, however, indicated that she was still in a critical condition. She had been shot in the back of the head and the bullet had entered the brain.

F' Trio Leads World, Asserts German Visitor

Three "F's" are influencing world thought and affairs more than anything else, according to Wilhelm Siegert, passenger liner captain.

Siegert, passenger liner captain, is in Los Angeles on his way to New York. He is one of the "F's" mentioned in the title.

Siegert is a devotee of all things German. He is a captain of Germany's first flying squadron during the war.

He was wounded several times. He says the war was decided by submarines and airplanes. He is one of Germany's first aviators, learning to fly in 1904, and in 1916 was put in command of Imperial Air Force with headquarters in Berlin.

Film Forecast Given by Lasky

Approximately 750 motion pictures will be made in Hollywood studios during the film business year starting August 1, next, according to Jesse L. Lasky, pioneer producer of Hollywood, who has just arrived in Los Angeles from New York. This will mark a noteworthy increase in the activity of the studio as compared with the year 1927-28, when Paramount's first vice-president stated.

Lasky explains that he bases his estimate on the reports from recent conventions of national film organizations being held throughout the country at this time.

With J. W. Butler, an official of the Paramount organization in New York, Lasky has just attended two conventions and is on his way to a third at San Francisco. The two conventions were held at Washington and Detroit.

Asked to describe the chief type of product from the local studios for the coming year, the Paramount executive states that realistic drama and romantic comedies will be the mainstay, as differentiated from the light comedy and sophisticated fare of the past year.

SCHOOL TO CELEBRATE Mark Quarter Century

Old-looking the twenty-fifth anniversary of its founding, St. Joseph's German Catholic Church, Twelfth and Los Angeles streets, will begin a three-day festival with a high mass at 10:30 a.m. tomorrow. Rev. J. J. Clifford, rector of the church of the Nativity, is celebrating a choir of 100 voices.

Visiting clergy will be entertained at a noonday banquet tomorrow, and a program of entertainment has been arranged for 8 p.m. The celebration is to be concluded Tuesday evening. Charles Geiger is chairman of the committee in charge.

PHYSICAL EDUCATION DEMONSTRATION GIVEN

Two thousand students of Belmont High School yesterday co-operated in presenting the physical education demonstration given every year to show the physical training of the department, and by the Belmont High School, girls' gymnasium, head, produced the fete. The demonstration was given in the gymnasium and a large festival featured the event.

Lace Trimmed Hats

for the summer gowns!

\$12.50 and higher

Picturesque hats wide of brim... or the smart hat that has very little brim... and all trimmed with lace in various pretty ways. Lace the tint usually of the straw, of hair or materials with which it is combined thus making a very charming and very exclusive looking chapeau for the woman or matron.

Could one describe these dainty affairs that look like a summer day in cold type and color... but that is impossible. They must be seen to be appreciated... that is the reason we invite you to see them... Saturday.

Americanism: Thinking smart to scorn religion; to think up some scheme to keep people decent.

Place floats at intervals we'll have regular shows to Europe. Fine! But place the floats and to use silvers?

In the old days there were people who liked nasty but they were called "stable bums"—not "young intellectuals."

If the public thinks you and you scorn him, and later you decide he is a great artist, you are a noted critic.

Price is the quality that enables a man to carry packages without anybody he passes being amused.

Women never are alone. Those who worked for us are now out getting votes.

One of the new names on a lawn mower, but the achievement will be seen in the nature of a dump.

"Senators waste time and energy." They do, indeed, of them try to learn.

Correct this sentence: "I fight with the neighbors' child," said she, "was edited by our brain."

The worm will turn and haberdasheries are advised to step-ins for men.

Statisticians estimate there are now nearly 200,000 American women with hair—a short-cut to an empty.

The soil of Mississippi yielded up a suit of armor 500 years old and it would go with Al Smith's brown dress.

Crepe Chiffon Scarfs \$6.95 each

A double width crepe chiffon scarf hand tinted in exquisite floral designs would be an enchanting gift. Many lovely pastel shades for choice.

Imported French Scarfs, \$5.95

These French scarfs come in such bright tints as well as the pastel colors which add a pleasant touch to a costume. All have hand rolled hems.

Flowers for Mother's Day, 50c to \$6.50 ea.

Handkerchiefs \$1.00 each

Women's dainty linen handkerchiefs that come in white with colored embroidery, also white embroidered with hand rolled hems and 1-16 inch hem-stitched hems. A beautiful and practical gift for mother.

All Linen Handkerchiefs 50c each

All white linen embroidered in white applique effects and a double row of hemstitching make a very dainty handkerchief. With 1-16 inch hems.

Women's White Linen Handkerchiefs 3 for \$1.00

Colored hand embroidery and colored patch work with hand whipped hems make very effective handkerchiefs for gifts.

Laces at Special Prices

Point de Spirit Silk Nets, asst. colors, 45 in. wide, \$2.50 yard.

Swiss Laces, Bands and Galloons, widths from 1/4 to 5 in. wide, special, 50c yard.

Lat Biches and Round Thread Laces, white, cream and ecru, 1 in. to 4 in. wide, 10c yard.

PALATIAL LINER VISITS BRIEFLY

Hamburg-American Resolute Touches at Port

'Round-World Cruise to End at New York

Distinguished Company Sails on Greyhound

The liner Resolute came and went yesterday, carrying away 225 travelers unwilling to stay a brief day and leaving behind hundreds of dining guests yearning for more frequent calls. The Hamburg-American ship, a brilliant and fast liner, was the home-ward-bound pennant, a brilliant strip of 145 feet from the bow to the stern.

A foot for each day the liner is to be on this special world-encircling voyage.

Half a dozen romances were started aboard ship, figures in the latter, it is reported, are Miss Vera Hester of Chicago, Miss Anne Jo Howell of Chicago and Miss Edith Egerton of Ontario, N. Y.

More illustrious names perhaps appeared on the Resolute's "who's who" than any other of the season's cruise liners, and incidentally they paid well for it. Suites ran up to \$25,000 for the voyage and bathrooms \$500 to \$10,000 extra.

Among the ship's company were the Mendelssohn brothers, the Flaher Boat Company, Hartmuth Merlecker, editor of the Berlin Volkszeitung; Mrs. James Lynah, wife of the vice-president of General Motors Company; John W. Lacey, former Chief Justice of the Supreme Court of Wyoming;

Mrs. Clara Ratzka-Werner, Berlin novelist; Wilhelm Siegel, German authority on aviation; S. G. Henck, former Senator from Pennsylvania; Philip P. Argenti, secretary to the British Legation at Saloniki, Greece; Charles Dittol, Ohio artist; Mrs. Gertrude Kay, eastern artist and illustrator; and Andrew Koehler of Buffalo, N. Y.

The Resolute is a 26,000-ton triple screw steamer fitted with everything from swimming pools to laundry. She carries a crew of more than 800 and loaded through her globe-encircling cruise of 27,000 miles at a speed of sixteen and a half knots, although she does better when on the trans-Atlantic run each summer. She is bound for New York where she will resume that service until winter, when she again will carry excursionists on another round-the-world voyage.

Report Shows Health Among Pupils Better

Indicating a substantial reduction in contagious diseases among school children and that general health conditions are good, the report of the health and sanitation committee of the Chamber of Commerce was approved by the board of directors at their last meeting.

The report also showed that attendance in schools is increasing and that the 4000 qualified teachers insure selection of high-grade instructors.

Dr. Lokrantz says that 20,000 children are receiving special care and that tubercular trouble has decreased among boys, but increased among girls.

Too Tattooed Suspect Freed in Death Case

Being too much of a tattooed man yesterday aided Homer D. Fryer, 30 years of age, in establishing his identity as not being the tattooed bandit who shot and killed Joseph Malloy, theater manager, in a hold-up in San Diego last Sunday night.

While Fryer and the suspect both have the words "True Love" tattooed across the fingers of their left hands, Fryer has numerous other tattoos on his arms and shoulders, which are lacking in the description of Malloy's assailant, according to Capt. of Detectives Cahill. Fryer was released, Cahill stated.

Fryer was taken into custody early yesterday, when L. D. Ayres, night watchman, noticed the tattooing.

REUNION FOR BABIES

Monte Sano Hospital Graduates During 1927 to Compete

In observance of National Hospital Day, 200 babies born in the Monte Sano Hospital during 1927 have been invited to that institution today for a reunion. All babies will be given an examination by the staff of doctors and a prize will be awarded to the healthiest child. The reunion is to be held between the hours of 1 and 5 p.m.

LAW ALUMNI TO DINE More than 500 members of the University of Southern California Law School Alumni Association are expected to attend a dinner-dance at the Breakfast Club on the 31st inst. A program of short talks and entertainment is being arranged by Ray Brennan, president of the organization, are Bernard Brennan, vice-president; Florence M. Bischoff, secretary; G. W. Schaefer, treasurer; Lorraine Betty Beyer, historian; and Glenn E. Whitney, university representative.

CENSUS TAKEN OF MOLECULES

Millikan Asserts Millions Counted With Ease

Further Progress of Science Told at Lecture

Newest Theory of Electrons Explained by Speaker

By a "Times" Staff Correspondent PASADENA, May 11.—Dr. Robert A. Millikan, director of the California Institute of Technology and world-famous physicist, lectured last night at Norton Bridge Laboratory, one of the main institute buildings in Pasadena, on the "Theory of Kinetic Energy" at the regular public demonstration held there every Friday evening.

Dr. Millikan told of how he discovered a means of counting the millions of molecules in a cubic foot of air. Although these molecules are moving at the rate of bullets, he declared, by scientific methods they can be more easily counted than the population of a large city.

Up until recent times scientists believed that electrons were either positive or negative charges of electricity. Dr. Millikan, however, has shown that each electron is a little world of its own—as it were—moving on its own axis with a distinctive movement of its own.

Dr. Millikan declared that physicists have determined how to weigh molecules with absolute accuracy. Chemists assert, he added, that they previously had an accurate measurement, but their method is not as good as that of the physicist.

Among Dr. Millikan's most interesting experiments performed before the audience was the manner in which he measured the mass of the electron. He showed how a stream of hydrogen gas explodes and particles of smoke dance under a microscope. These experiments show, according to the lecturer, that anything floating in the air has a tendency toward a characteristic motion of its own, like molecules, and an effect upon anything else in the air.

STUDENT BODY AT UNIVERSITY ELECTS

Albert Behrstock was elected president of the associated student body of Southwestern University by a plurality of forty-eight votes last night. His nearest competitor was John Gratton. Behrstock was captain of the football team, a member of the basketball and baseball teams, editor of the year book, and a member of the honorary athletic and literary societies. The other successful candidates were: Doug Lathrop, first vice-president; Sam Brown, second vice-president; Barton Thompson, secretary; Alice Marshall, treasurer; and Sam Yorty, sergeant-at-arms.

OFFICERS ARREST FORGERY SUSPECT

Sydney Knopfer, alias Sydney Clifford, was arrested yesterday at Universal City by officers and post-office inspectors on a charge of forging a postoffice money order for \$70.40 directed to Joe Pasternack. The defendant, who was accused in a complaint filed yesterday before United States Commissioner Head, is held in the Hollywood jail.

TELEPHONE SHOW

The Los Angeles telephotograph station of the Bell system at 740 South Olive street was visited last night by a group of advertising men. How pictures are transmitted across the country over telephone wires was demonstrated. Those present were E. Murray of William A. Ingoldby Company, Barton A. Stebbins of Logan & Schuler, T. T. McCarty of McCarty & Co., Morris R. Eberole, C. F. Bouldin and W. F. Hannaford of the Dan B. Miner Company; Douglas Lathrop, first vice-president; P. C. White, W. G. Scholtz, J. A. C. Waters and Roy Alden.

HIS FUTURE ASSURED

Chester Conklin and his walrus mustache, a combination that has been providing laughs to the public for more than two years, will remain with Paramount. That was assured this week when the screen comedian signed a new contract. Plans are being made for still further establishing the popular character as one of the great character comedians of the screen.

MOTHER'S CLOTHES BEST

Louise Fazenda has been drawing on her mother's wardrobe for the role she is playing in "Heart to Heart" for First National. A house dress, a kitchen apron and felt slippers all came in handy for the opening sequence, which shows Louise hobnobbing with her neighbors.

NUPTIAL PROMISE TURNS GOLDEN

Judge Holds Married Man Should Pay \$4000 in Love-Bahn Suit

Wayne Bagnall must pay Miss Dorothy Douglas damages in the sum of \$4000 as the result of her breach-of-promise suit tried before Judge Galbreth. She asked damages of \$10,000.

Miss Douglas asserted that Bagnall promised to wed her on July 15, 1927. The date of the wedding was set for June, 1928. She testified that she expended \$1000 for a trousseau and then discovered Bagnall had a wife from whom he had not obtained a divorce.

Judge Galbreth ruled that the young woman had been damaged to the extent of \$4000 and entered a judgment for the amount.

CHURCHES HONOR MOTHERS

Religious Activities of All Los Angeles Center Tomorrow on Tributes to Day's Inspiration

Sages declare that the soul which is given the garment of a human body has an opportunity of attaining heights of bliss and understanding beyond the dreams of archangels. Whether this be true, it still is true that the birth of a human babe, with potentialities that stagger the imagination, is the most profound and fascinating fact of human life. Because this is so, motherhood is entitled to all the reverence it receives and to the special homage of the churches.

Churches of all denominations will observe Mother's Day with special sermons and musical programs and in practically every church in Los Angeles verbal and floral tributes will be laid at the shrine of motherhood.

Dr. Herbert Booth Smith, pastor of the First Presbyterian Church, announces services of exceptional interest at that church tomorrow. At the morning hour Dr. Smith will preach on "The First Mother." The regular evening service will be omitted but at 4:30 p.m. the cornerstone of the new church will be laid, at Wilshire Boulevard and Wilshire Avenue. Rev. John A. Leisinger, assistant pastor, will conduct the liturgical service of depositing articles of interest in the cornerstone and the laying of the stone in place. A program will be given by the vested choir and addresses will be given by Mayor Coyer, Dr. W. H. Williams, State Commissioner of the Synod of California—Rev. Louis Tinning, moderator of the presbytery, Dr. Harold Griffiths of the Wilshire Boulevard Christian Church, and Dr. Norman B. Henderson, junior pastor of the First Baptist Church.

NOTED PREACHER HERE T. Ferrier Hulme, "England's greatest preacher," according to Gypsy Smith, will arrive in Los Angeles tomorrow evening from Kansas City and tomorrow evening will be the preacher at the First Methodist Church. Dr. G. Campbell Morgan will introduce the speaker to the audience. At the morning hour Dr. E. E. Hulme will preach on "Some Old-Time Mothers" and a musical program by the choir and quartet will follow. The evening service will include "Little Mother of Mine." Tell Mother I'll be there and other favorite selections.

"A GIANT SHORN" Dr. T. T. Shields of Toronto, Canada, president of the World's Christian Fundamental Association, will preach tomorrow morning at the Vermont Avenue Presbyterian Church. Following the sermon there will be a Mother's Day program which will include dedication of the 171 Olden Bibles which will be presented by this church to a Los Angeles hotel. At the evening hour, Dr. John E. Dadds will preach on "A Giant Shorn." Next Monday evening Judge Turner will address the Men's Brotherhood on "The Boy Problem."

DR. THOMAS HARPER "The Mothers of the Nation" is the subject of a sermon to be preached by Dr. Thomas Harper tomorrow morning at the Church of Divine Power, which will be conducted by the church choir. A new hymn, written by a mother who has made many contributions to the literary world, will be sung for devotion. All mothers are especially invited.

ALL SOULS' CHURCH

Dr. Charles F. Aked, pastor of All Souls' Church, will preach at the Westlake Theater tomorrow morning on "The Real Florence Nightingale." Next Wednesday the church will give a dinner in the Wilshire Masonic Temple. Prof. Alfred Cookman will speak on "America's Fighting Birds of the Air."

"BE THOU HEALED" Swami Paramananda will conduct services at 11 a.m. and 3:30 p.m. tomorrow at Ananda-Ashrama, at the north end of Pennsylvania avenue, La Graciosa. The topic for afternoon service will be "The Healing Power of the Mind." The evening service will be conducted next Wednesday evening in the Ashrama Library, 428 Music Art Studio Building.

"WANTED—A MOTHER"

The motion-picture "The Bugle Call" and an address by Dr. James Hamilton Lash will feature the 10:30 a.m. service at the Hollywood Boulevard Church. The subject for the Sunday Evening Church will entertain their mothers at tea at 5:30 p.m.

KRISHNAMURTI

"Happiness Through Liberation" is the subject of an address to be given by Krishnamurti, noted world teacher, at the Hollywood Boulevard Church on the 15th inst. The lecture will be preceded by a program by the Artists' Harp Ensemble. Amplifiers will be installed so that every one may hear the address and music.

"A MOTHER'S FAITH"

The best seats in the Messiah Congregational Church will be reserved for mothers tomorrow morning. The program will be given by the church school. In the evening Rev. E. D. Gaylord, the pastor, will preach on "A Mother's Faith" and the picture "The Hidden Way" will be shown.

"THE PRODIGAL SON"

A free lecture on "The Prodigal Son" will be given by Genevieve Behrend at 11 a.m. tomorrow at 940 South Figueroa street. For the benefit of the temple building fund, the church will have a bazaar at the Odd Fellows Temple on the evening of the 17th inst. Dancing will be a feature of the program.

FIRST UNITARIAN

"She should know because she didn't care whether her nurses were Christians or Protestants, as they were good nurses," said Rev. E. Burdette Backus of Florence Nightingale, the story of whose life he will tell in a sermon tomorrow morning at the First Unitarian Church. Following the sermon a memorial service in honor of "The Lady With the Lamp" will be conducted. Nurses are especially invited.

CHRISTIAN SCIENCE

blood nor of the will of the fish, in Los Angeles, branches of the Mother Church, the First Church of Christ, Scientist, in Boston, Sunday morning services are conducted at 11 a.m. and some of the churches repeat the services at 8 p.m. The subject of the lesson-verse tomorrow is "Mortals and Immortals."

ST. PAUL'S CATHEDRAL

Rev. William Cowans of Redlands will be the preacher tomorrow morning in St. Paul's Cathedral. In the evening the annual Florence

Offices Opened by Equestrians City and State headquarters for the Horsemasters' Association and the National Association of Equestrians were opened formally yesterday in the Hellman Building with a luncheon-meeting attended by local equestrian enthusiasts. Plans for development and sponsoring of equestrian sports throughout the state were discussed, and a number of outdoor displays were exhibited.

Speakers described an educational program which is being arranged to show the public that horsemanship is considered one of the most healthful of outdoor sports, by leading medical authorities of the city. Among those present were Harold English, W. Ross Campbell, Marco Hellman, Clifford Gispie, Robert Garman, Jay Albert Jorgensen, Maurice DeMond, Arthur C. Webb, Sam W. B. Cobb, C. J. Schwartz, Judge Joseph Sprout and Dr. Elmer Briggs.

Driver Killed as Brakes Fail Failure of the brakes on a small delivery truck operated by G. Machinski, Japanese vegetable grower, caused his death last night. Machinski, whose home is at 4007 Clayton street is about fifteen feet above the street level, was backing the truck alongside the house at about 10 p.m., preparatory to parking it for the night when the brakes refused to hold, the truck backing over the edge and falling to the street, with Machinski pinned beneath. He died on the way to Georgia-street Receiving Hospital.

Louvre Will be Lecture Topic Mrs. Bannell Sawyer's lecture-study at Bullock's next Saturday at 10 a.m. will have for its subject the famous art gallery of Paris, the Louvre. Her lectures are an added feature of the cultural program being sponsored by Bullock's. Colored slides are used by Mrs. Sawyer to illustrate her Saturday-morning talks on the masterpieces of the world's great artists.

ARREST OUSTS POLICE CHIEF

Riverside Official Faces
Drunkness Charge

Mayor Suspends Man After
Incident at Colton

Bail Posted and Trial Set for
Tuesday Morning

RIVERSIDE, May 11.—Police Chief John Franklin was at liberty on \$100 bail today following his arrest early this morning at Colton on a charge of drunkness.

Franklin also was out of office, having been suspended by Mayor Dighton, who announced that he would make a personal investigation of the affair. Assistant Chief E. A. Roche was named as acting chief during the investigation.

The officer and a companion, Walter C. Smith of Palm Springs, were arrested by Policemen Henderson and Hubbs while driving through Colton. The arresting officers reported that four pints of liquor were found in the machine. Both men will face trial in High Grove court Tuesday morning.

Night Desk Sergeant Joe Rye immediately hurried to Colton and in turn notified Mayor Dighton and Deputy Chief Roche. They arrived a short time later and Roche furnished bail for Franklin.

Mayor Dighton refused to comment regarding the incident, saying he had no statement of any kind to make at this time, other than that he is investigating the entire affair.

Franklin was installed as Chief by Mayor Dighton when the executive assumed office in January. He previously had been a captain in the department, but had resigned several months before Franklin was elected. He had a stormy tenure of office. He and the City Council have had a lengthy squabble over the purchase of a new police car, which Franklin finally won. Last week charges were filed against the Chief, charging him with illegally entering a home to search for liquor.

Inglewood to Emblazon Name Across Roofs

INGLEWOOD, May 11.—For the guidance of aviators, the name of Inglewood will be emblazoned here in larger letters, it is believed, than any other city in the country, according to plans now being made by a committee of Inglewood Lions Club.

Instead of just one roof, the letters will be so large that they will be just one letter to a roof, in a straight line across the business section of the city, according to Dr. Elmer L. Wines, chairman of the committee.

Others on the committee include Ernest W. Gould, Leo Oalkins, Lloyd P. Hamilton and E. W. Endler, according to announcements made by the President, E. D. Dixon of the club. City Engineer Willis A. Puffer will be asked to aid in laying out the lines for the giant lettering, in a survey clear across the main section of the city.

Hospitals Will Receive Guests

SAN FERNANDO, May 11.—Open house will be held tomorrow at Olive View Hospital and the veterans hospital No. 104. The occasion is National Hospital Day observed throughout the country to commemorate the birth of Florence Nightingale. The two institutions, near this city and rated among the finest tubercular hospitals in the west, have a combined personnel and patient capacity of more than 1000 persons.

Special programs have been arranged for the afternoon and hundreds of persons are expected to visit the two hospitals. Visits will be taken on tours of the buildings, through the wards, kitchens, laboratories and grounds in order to show the work that is being done at the hospital by members of the staffs.

New buildings at both institutions will be of particular interest to the visitors, the solarium at Olive View having been completed only a few weeks ago. This building is one of the finest of its type in the United States, according to medical authorities.

Entertainers from Radio Station KFI will appear on the program in the recreation building at the veterans' hospital Saturday night, and the Los Angeles fire department band will play in the afternoon.

Four Injured at Crossing

SAN BERNARDINO, May 11.—Injured when their car crashed into a Santa Fe passenger train crossing Arrowhead avenue in this city early this afternoon, four motorists are in the hospital.

They are Paul Calvert, 1726 Freeman avenue, Long Beach; the driver; Clarence Wood, 661 Junipero avenue, Long Beach; George Monteth, 415 East Thirty-second street, Los Angeles; and J. Fishbeck of Huntington Park.

Calvert failed to see the train, he said, and drove into it, striking the baggage car. The automobile became entangled in the understructure of the train; George was rolled over and over until demolished, scattering its occupants along the track. Calvert suffered a fractured skull and his condition was described as serious; Monteth's chest was crushed and it is feared that he suffered internal injuries. Fishbeck and Wood were not seriously injured.

ROW OVER SENIOR ROLLS

Pasadena Merchants Declare School Board Denies Use of Roster for Advertising Purposes

PASADENA, May 11.—Officials of the Pasadena Merchants' Association are investigating the refusal of the Board of Education to give lists of Pasadena High School graduation candidates to merchants for advertising purposes.

In a letter received today by John A. Saxon, school superintendent, a local business man whose name was withheld by school authorities, wrote: "I will be glad to appear before the board to learn why business men and taxpayers are not entitled to information about our schools. Being a director of the Pasadena Merchants' Association, I am going to take this matter up with our board at the next meeting."

Mr. Saxon said this afternoon that the issue is not the question of giving out school information, but is a question of whether or not the names of students to "sucker" advertising purposes.

"We have between 1500 and 2000 in the 1928 class and advertising agencies in all parts of the country want the list of students for the purpose of selling them trinkets and other things," declared the superintendent.

The Board of Education will continue to support Mr. Saxon if the merchants' association decides to force the issue, it was stated. The board is not in favor of adding the names of students to "sucker" advertising lists throughout the United States.

The Mathews car, a light roadster, was turned upside down and the three girls were imprisoned under it. Eva was lifted out and taken to St. John's Hospital, Oxnard, where it was found that her spinal cord had been severed, according to the testimony this morning.

From the cross examining of the three girls by Attorney Bowler, it was apparent that the speed with which the girls were traveling up the grade, their position on the road and perhaps the lack of freshening of the driver after her all-night journey, would figure in the defense case, when it was put on this afternoon. The plaintiff's case was rested this morning and the noon recess taken after. Bowler made his opening statement to the jury, outlining in brief the case of the defendant.

NEW REGULATION ON SALE OF FIREWORKS GLENDALE, May 11.—The city ordinance concerning the sale of fireworks has been amended by the City Council and now reads that merchants of the city will be allowed to sell fireworks from June 26 to July 4.

Heretofore merchants could sell fireworks only on the holiday, they complained to the Council, stating that merchants of near-by cities were permitted to sell fireworks for a week preceding the holiday.

JUDGE TAKES VACATION GLENDALE, May 11.—Police Judge Frank H. Lowe tomorrow will lay aside his official duties and will take the first vacation he has had in eleven years. During his absence from the bench his place will be taken by Justice Charles R. Dyer of Crescenta township. Judge Lowe plans to spend most of his time in his garden, where his plants and flowers form his hobby.

TEACHERS PLAN OUTING HUNTINGTON BEACH, May 10. Faculty members of the Huntington Beach High School will frolic on the beach of Laguna in their annual outing on the 28th inst. Fred E. Brooks is chairman of the committee in charge of the general arrangements.

GIANT "R" TO BLAZE FROM PEAK

Redlands University is Host to High School and Junior College Students

REDLANDS, May 11.—The giant "R" near Keller Peak will be illuminated for the third time in its history tomorrow night, when the University of Redlands college light it up for the entertainment of their high school and junior college friends on the annual University Day.

Cold-fire railroad fuses will be used, being touched off at 8 p.m. and burning seven and one-half minutes red and a similar period yellow.

The "R," second largest mountain letter in the world, and 485 feet in length, stands nine miles by air line from the campus. It is visible from and over a wide area of the San Bernardino Valley.

Other festivities for visiting high school and junior college students at Redlands will be banquet, "Lightning," a three-act play; an individual meet for swimmers from junior college, with nine medals to be awarded; a high school declamation contest; a club contest for junior colleges; and the varsity baseball game of the Bulldogs with Caltech.

Churchmen to Break Ground GLENDALE, May 11.—Ground will be broken Sunday morning for the first unit of the Grandview Community Presbyterian Church at the corner of Rubenita street and Fifth street.

Guy W. Wadsworth, D.D., head of the Los Angeles Board of Church Extension, will be the principal speaker, and other addresses will be delivered by Richardson D. White, superintendent of schools, and by C. L. Jenkins, president of the Greater Northwest Improvement Association, at the exercises that are to be held in the auditorium of the Thomas Jefferson school. It is announced by Rev. George Thayer, pastor.

The unit that is to be erected at once will cost \$21,000 and will be followed by other units as the growth of the congregation demands until the entire building program that calls for the expenditure of \$85,000 is completed. The first unit will be two stories in height and will contain 1000 feet, with an auditorium capable of seating 450 persons and with accommodations for the social and departmental work of the church.

VETERAN ROUTS MAN FROM CHICKEN YARD UPLAND, May 11.—George W. Cassel, Upland, formerly a cowboy on the plains of Texas, a World War veteran and handy with a shooting iron, nearly got his man late last night when he heard a human growl in his chicken pen.

Cassel grabbed a single action shotgun and started for the growl. Something caught on the trigger and exploded the gun. The frightened chicken, three managed to fall over the fence and scamper away. Cassel was almost as frightened as the hens and the neighbors.

CHAFFEY PRINCIPAL WILL RECEIVE DEGREE ONTARIO, May 11.—Merton E. Hill, principal of the Chaffey Union High School, was informed today that, at commencement exercises of the University of California at Los Angeles, he will receive the degree of doctor of education.

Prof. Hill has been commuting to and from Berkeley over week-ends for three years, preparing himself for this degree. The record set by his commuting is believed to be the long-distance commuting record for California.

HEALTH URGED IN PAGEANT Antelope Valley Communities Unite for Unique Celebration at Lancaster Today

LANCASTER, May 11.—Twenty-one schools of Antelope Valley will participate in a health parade here tomorrow with I. H. Biggs in charge of the health day activities. The parade will be in twenty-four divisions with floats from the various elementary schools illustrative of good health practices.

The parade will start from the Lancaster High School at 11 a.m. and proceed down Tenth street to Beech avenue, to Eleventh street and east on Antelope avenue, returning to the high school, where a health pageant will be staged. The parade will be one and a half miles long.

The parade will be made up as follows: American Flag, Uncle Sam and guards; health crusaders on horseback; Antelope Valley Band, county officials' car; Lancaster grammar schools; five floats; Palmdale High School; six floats; Palmdale floats; Antelope Valley district float; Agua Dulce district float; Bellevue district float; Del Sur district float.

San Diego woman chosen by P.E.O. Mrs. Lois B. Baum

PASADENA, May 11.—Mrs. Lois B. Baum of San Diego was installed this afternoon as president of the California P.E.O. Sisterhood at the final session of the convention in the Shakers club.

The other newly elected officers who were installed today include: Mrs. Helen Gale of Los Angeles, first vice-president; Mrs. Mary Podesta of Livermore, second vice-president; Mrs. Stella Fortin of San Diego, organizer; Mrs. Madeline Kelley of Glendale, corresponding secretary; Mrs. Anna Gahn of Pasadena, recording secretary; and Mrs. Bees Blackburn of Graceland, treasurer.

Mrs. Gahn was named as the 1928 State convention city. The hosts chapters will be AZ of Inglewood, BX and BN of Hollywood, and W, W, CO and CC of Los Angeles.

Mrs. Gahn presented the State president, Mrs. Anna S. Robbins of Long Beach, with a silver vase from the 1928 hosts chapter. Mrs. Elizabeth Connick of Glendale presented Mrs. Gahn with a vase. Mrs. Frederick Martin of Pasadena, presented the supreme president, Mrs. O. B. Blacklock of Los Angeles, with a vase. Mrs. Winona Reeves, editor of the P.E.O. Record, with gifts.

BETTER HOME STUDIED Accidental Oil Mixture Produces Long-Sought Beef Effect EL MONTE, May 11.—El Monte closed a Better Homes Week program today with a registration of more than 1000 at the demonstration house on Nevada street. The house of old English architecture was furnished completely by 25 Monte business houses and members of the El Monte Women's Club acted as hostesses each afternoon during the week.

Prof. A. C. Weatherhead, dean of architecture at the El Monte Chamber of Commerce at which the Women's Club members were guests of the chamber and were addressed by Judge George Bullock.

MARTIN HEAD OF VENTURA SCHOOLS VENTURA, May 11.—Madame Martin was formally elected superintendent of schools of Ventura at the meeting of the grammar school board last night. The action was a ratification of the agreement reached between the grammar school board and the high school board a week ago when the latter elected Mr. Martin high-school principal. Loyal G. Wells, acting superintendent during the long illness of the late A. L. Vicente, was formally elected assistant superintendent.

The board will not renew teacher's contracts for next year until some time in June when Mr. Martin has arrived in Ventura to give his entire attention to his new duties. It is understood that all teachers who wish to return, however, will be allowed to do so.

Next Tuesday the city will vote on a \$100,000 bond issue for the city school system, the money to be used in adding to grounds and facilities against the future needs of the rapidly growing schools.

ROAD IMPROVEMENT TO BE CELEBRATED HUNTINGTON PARK, May 11.—Plans are being made for the Pacific Boulevard-Slauson avenue celebration to be held here on the 20th and 26th inst., the occasion being the completion of improvements of these thoroughfares at a cost of several hundred thousands of dollars.

Otto R. Benedict is general chairman and his assistants are Vern Guthrie and Hugh Wright. Lloyd L. King is the chairman of the committee on parade, which will be held on the afternoon of the 20th. Besides the parade on the opening day there will be many programs of entertainment given along these two thoroughfares both afternoons and evenings.

NEW HOUSTON PLAN OUTLINED

Pasadena City Council Recommends \$1,000,000 Bond Issue

Pasadena City Council Recommends \$1,000,000 Bond Issue

PASADENA, May 11.—The Pasadena City Council today recommended a \$1,000,000 bond issue for the construction of a new highway bridge over the San Gabriel river, and for the improvement of the city's water supply system.

The council also recommended the appointment of a committee to study the feasibility of a new airport for the city, and to report back to the council within six months.

The council's action was taken after a lengthy discussion of the various proposals, and a vote of 6-2 in favor of the bond issue.

The council also recommended the appointment of a committee to study the feasibility of a new airport for the city, and to report back to the council within six months.

CITY JUDICIOUSLY SCRUTINIZED

Three Generations of Jurists in Flight

"Wonderful!" Their Verdict
Left to right, Carl Stutman, Jr., Superior Court Judge Carl Stutman, and Judge A. H. Stutman; Pilot Blum is in the background.

LOS ANGELES COUNTY was subjected to the scrutiny of judicial eyes last week-end when three generations were taken on an air trip.

Judge A. H. Stutman of the Iowa District Court, his son, Superior Court Judge Carl Stutman of Los Angeles, and Carl Stutman, Jr., were the three passengers in the plane piloted by Sam Blum of the Rogers Airport.

Carl, Jr., was a "judge" during the week. The "judicial" eyes were turned to the county when the plane took off from the Rogers Airport.

The plane was a Cessna 441, and it was piloted by Sam Blum of the Rogers Airport.

AUTOBUYER WINS SUIT TO RECOVER

Ruling Protects Purchaser Against Seller's Default on Financing Contract

"Wonderful!" Their Verdict
Left to right, Carl Stutman, Jr., Superior Court Judge Carl Stutman, and Judge A. H. Stutman; Pilot Blum is in the background.

A court decision of interest to purchasers of automobiles on the installment plan was given yesterday by Superior Judge Long, who ruled that an innocent buyer cannot be held responsible for the failure of a sales company to meet its obligations on its contracts with finance companies.

The decision was made in the action brought by F. E. Stewart and the Standard Mortgage Security Corporation against William A. Schoenfeld. An appeal may be taken to the higher courts.

Attorneys Griffith Jones and David Wells represented Schoenfeld, who was the president of the company that sold the car. The car was sold to F. E. Stewart for \$2000 by escrow order.

Later the sales company went bankrupt, failing to pay off its contract to the security corporation, the legal owners of the car. The suit was brought against Schoenfeld and his car was confiscated by the Sheriff.

The plaintiffs contended that the buyer of the car was at fault for not searching the records before he made his purchase to ascertain if there were any encumbrances against the machine. They argued that the sales company never really owned the machine.

Judge Long held that the finance company could not repossess the car because it was not the legal owner.

One of Schoenfeld's contentions was to the effect that there was a conspiracy to defraud him, in that Stewart was the president of the finance company and also vice-president of the defunct sales company.

The proposed effort to gain a parole for H. J. Kimmerle, who was sentenced to two years in the County Jail, but as yet has not served a single day, was surrounded with certain elements of mystery at the Hall of Justice yesterday.

Until the prisoner is in custody application for parole cannot be filed, Parole Officer Brain of the District Attorney's office said yesterday.

The Kimmerle case was one of those examined when the Civil Service Commission heard charges against Chief Trial Deputy District Attorney Mackay. Kimmerle testified on behalf of Mackay.

SPOONERS MAY LOSE PARADISE

Woman Complains Dimness of Triangle and Lure to Pettar Crows

"Wonderful!" Their Verdict
Left to right, Carl Stutman, Jr., Superior Court Judge Carl Stutman, and Judge A. H. Stutman; Pilot Blum is in the background.

Complaint that the absence of lights at Mascot Triangle, bounded by Pickford and Harcourt streets and Mascot avenue, has made the place the rendezvous for an army of spooners at night has been registered by Mrs. J. Lindahl of 4800 1/2 Mascot street, with the Board of Park Commissioners. The complaint was referred to Supt. Shearer for investigation and report.

Mrs. Lindahl complains that the spooners park their machines around the triangle, making it "a fine place for a hold-up," and difficult for near-by residents to locate their own parked cars.

The triangle was acquired by the city when the Cienega addition was taken over by the city in 1920.

[illegible]

This image shows a dark, vertical strip with a heavily textured surface. It appears to be a close-up of a book cover or a piece of aged, possibly leather-bound, material. The texture is uneven, with many fine, vertical ridges and grooves. There are some lighter, irregular patches and spots, suggesting wear, age, or perhaps moisture damage. The overall color is a deep, mottled black or very dark brown.
